

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marcie Kleinman  
DOCKET NO.: 24-02714.001-R-1  
PARCEL NO.: 16-34-201-071

The parties of record before the Property Tax Appeal Board are Marcie Kleinman, the appellant, by attorney David C. Dunkin, Attorney at Law in Winnetka; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$47,213  
**IMPR.:** \$237,487  
**TOTAL:** \$284,700

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,964 square feet of living area. The dwelling was constructed in 2007 and is approximately 17 years old. Features of the home include a full basement with finished area, central air conditioning, a fireplace and a 500 square foot garage. The property has an 8,855 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located within .46 of a mile from the subject. The comparables are described as 2-story dwellings of wood siding or brick exterior construction ranging in size from 2,795 to 3,404 square feet of living area. The dwellings were built from 2003 to 2005 with basements, five of which have finished area. Each comparable has central air conditioning, one fireplace and a

garage ranging in size from 418 to 638 square feet of building area. The comparables have improvement assessments ranging from \$212,644 to \$268,569 or from \$75.46 to \$78.90 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$284,700. The subject property has an improvement assessment of \$237,487 or \$80.12 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within .46 of a mile from the subject. The comparables are described as 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,918 to 3,096 square feet of living area. The dwellings are 16 to 21 years old and have basements with finished area. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 484 square feet of building area. The comparables have improvement assessments ranging from \$245,005 to \$267,882 or from \$81.29 to \$86.53 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #3, #5 and #6 which lack finished basement area or are less similar in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #1, #2, #4 and #7 along with the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. These comparables had improvement assessments ranging from \$228,662 to \$267,882 or from \$75.46 to \$86.53 per square foot of living area. The subject's improvement assessment of \$237,487 or \$80.12 per square foot of living area is within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
