

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Tiplitsky
DOCKET NO.: 24-02743.001-R-1
PARCEL NO.: 16-28-313-003

The parties of record before the Property Tax Appeal Board are Scott Tiplitsky, the appellant, by attorney Glenn Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,159
IMPR.: \$364,278
TOTAL: \$426,437

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,134 square feet of living area. The dwelling is 19 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 715 square foot garage. The property has a 12,150 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .45 of a mile of the subject. The comparables consist of two-story dwellings of brick or vinyl siding exterior construction ranging in size from 4,043 to 4,411 square feet of living area. The homes range in age from 14 to 22 years old. Each dwelling has central air conditioning, one or three fireplaces,

a basement, and a garage ranging in size from 651 to 909 square feet of building area. The comparables have improvement assessments ranging from \$296,796 to \$349,999 or from \$67.29 to \$83.57 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$312,902 or \$75.69 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$426,437. The subject property has an improvement assessment of \$364,278 or \$88.12 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .28 of a mile of the subject. The comparables consist of two-story dwellings of brick or wood siding exterior construction ranging in size from 3,922 to 4,286 square feet of living area. The homes range from 13 to 20 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with three having finished area, and a garage ranging in size from 506 to 764 square feet of building area. The comparables have improvement assessments ranging from \$357,995 to \$365,145 or from \$85.19 to \$91.78 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and most features. The comparables have improvement assessments ranging from \$296,796 to \$365,145 or from \$67.29 to \$91.78 per square foot of living area. The subject's improvement assessment of \$364,278 or \$88.12 per square foot of living area is within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
