

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Katherine Heller
DOCKET NO.: 24-02753.001-R-1
PARCEL NO.: 16-36-307-041

The parties of record before the Property Tax Appeal Board are Michael & Katherine Heller, the appellants, by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,046
IMPR.: \$314,846
TOTAL: \$375,892

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,406 square feet of living area. The dwelling was constructed in 1998 and is approximately 26 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 552 square foot garage. The property has an approximately 9,940 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 2-story dwellings of stucco or wood siding exterior construction ranging in size from 3,125 to 3,200 square feet of living area. The homes were built from 1999 to 2005. Each comparable has a basement with finished area, central air conditioning, a fireplace

and a garage ranging in size from 391 to 528 square feet of building area. The comparables have improvement assessments ranging from \$266,678 to \$280,162 or from \$85.34 to \$88.21 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$290,668 or \$85.34 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$375,892. The subject has an improvement assessment of \$314,846 or \$92.44 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story dwellings of brick exterior construction ranging in size from 3,126 to 3,193 square feet of living area. The homes were built from 2002 to 2008. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 441 to 580 square feet of building area. The comparables have improvement assessments ranging from \$285,171 to \$306,035 or from \$91.23 to \$95.85 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted/record contains seven equity comparables for the Board's consideration.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables which are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments that range from \$266,678 to \$306,035 or from \$85.34 to \$95.85 per square foot of living area. The subject's improvement assessment of \$314,846 or \$92.44 per square foot of living area falls above the range on an overall improvement assessment basis and falls within the range on a per square foot of living area basis, which is logical given the subject's larger dwelling size. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
