

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Janet Swanson
DOCKET NO.: 24-02769.001-R-1
PARCEL NO.: 15-15-303-100

The parties of record before the Property Tax Appeal Board are Janet Swanson, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,349
IMPR.: \$102,716
TOTAL: \$141,065

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 2,209 square feet of living area. The dwelling was constructed in 2004 and is approximately 20 years old. Features of the home include a basement, central air conditioning, one fireplace and a 420 square foot garage. The property is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with 1-story dwellings of frame exterior construction with 2,209 square feet of living area. The homes were built in 2003 or 2004. Each comparable has a basement, central air conditioning, a fireplace and a garage with 420 square feet of building area. One dwelling had finished basement area. The comparables have improvement assessments ranging from \$84,205 to \$114,985 or from \$38.12 to \$52.05 per square foot of living area.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$96,426 or \$43.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$141,065. The subject has an improvement assessment of \$102,716 or \$46.50 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #4. The comparables are improved with 1-story dwellings of frame exterior construction with 2,209 or 2,297 square feet of living area. The homes were built in 2003 or 2004. Each comparable has a basement, central air conditioning, a fireplace and a garage with 420 square feet of building area. Two dwellings have finished basement area. The comparables have improvement assessments ranging from \$114,985 to \$121,274 or from \$51.17 to \$52.80 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant critiqued the board of review's comparables arguing the properties aren't valid comparables due to differences with subject in dwelling size and floor plan.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration with one common comparable. The Board gives less weight to appellant comparable #2 and board of review comparables #2, #3, #4 and #5 which differ in dwelling size and/or basement finished area.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #3 and #4/board of review comparable #1 which are identical or nearly identical to the subject in location, age, design, dwelling size and other features. These comparables have improvement assessments that range from \$84,205 to \$114,985 or from \$38.12 to \$52.05 per square foot of living area. The subject's improvement assessment of \$102,716 or \$46.50 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
