

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kenneth & Danielle Konen
DOCKET NO.: 24-02784.001-R-1
PARCEL NO.: 11-29-304-003

The parties of record before the Property Tax Appeal Board are Kenneth & Danielle Konen, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,162
IMPR.: \$108,388
TOTAL: \$136,550

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,212 square feet of living area. The dwelling was constructed in 1986. Features of the home include a basement, central air conditioning, a fireplace, and a 410 square foot garage. The property has a 8,505 square foot site and is located in Mundelein, Libertyville Township, Lake County.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables located in the subject's assessment neighborhood and within .42 of a mile of the subject. The comparables consist of two-story dwellings of vinyl/wood siding exterior construction ranging in size from 2,109 to 2,253 square feet of living area. The homes were built from 1983 to 1986. Each dwelling has central air conditioning, a basement, and a garage ranging in size from 410 to 431 square feet of building area. Seven comparables each have a fireplace.

The comparables have improvement assessments ranging from \$101,493 to \$108,775 or from \$47.38 to \$48.43 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$106,751 or \$48.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$143,077. The subject property has an improvement assessment of \$114,915 or \$51.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within .39 of a mile of the subject. The comparables consist of two-story dwellings of frame exterior construction ranging in size from 2,124 to 2,212 square feet of living area. The homes were built from 1984 to 1987. Each dwelling has central air conditioning, a fireplace, a basement, and a garage containing either 410 or 430 square feet of building area. The comparables have improvement assessments ranging from \$106,832 to \$112,335 or from \$50.30 to \$51.39 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellants argued that the board of review comparables support a reduction in the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$101,493 to \$112,335 or from \$47.38 to \$51.39 per square foot of living area. The subject's improvement assessment of \$114,915 or \$51.95 per square foot of living area is above the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellants demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
