

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph M. Spiteri
DOCKET NO.: 24-02785.001-R-1
PARCEL NO.: 14-17-405-010

The parties of record before the Property Tax Appeal Board are Joseph M. Spiteri, the appellant, by attorney Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,162
IMPR.: \$237,413
TOTAL: \$288,575

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,735 square feet of living area. The dwelling was constructed in 2009. Features of the home include a walk-out style basement, central air conditioning, three fireplaces, and a 771 square foot garage. The property has a 19,798 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables located in the subject's assessment neighborhood and within .9 of a mile of the subject. The comparables consist of two-story dwellings of brick or vinyl/wood siding exterior construction ranging in size from 3,816 to 4,515 square feet of living area. The homes were built from 2000 to 2007. Each dwelling has central air conditioning, one to three fireplaces, a

basement, and a garage ranging in size from 689 to 885 square feet of building area. The comparables have improvement assessments ranging from \$192,972 to \$223,094 or from \$48.98 to \$50.79 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$237,413 or \$50.14 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$295,036. The subject property has an improvement assessment of \$243,874 or \$51.50 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .81 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 4,265 to 4,454 square feet of living area. The homes were built from 2003 to 2018. Each dwelling has central air conditioning, one or two fireplaces, and a garage ranging in size from 796 to 924 square feet of building area. Each comparables has a basement, two of which are look-out style and one of which is a walk-out style. The comparables have improvement assessments ranging from \$216,463 to \$228,757 or from \$50.50 to \$52.18 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant argued that the board of review's comparables #1, #2, and #4 should receive less weight in the Board's analysis because they lack walk-out style basements and are therefore dissimilar to the subject.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of 11 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$192,972 to \$228,757 or from \$48.98 to \$52.18 per square foot of living area. The subject's improvement assessment of \$243,874 or \$51.50 per square foot of living area is above the range established by the comparables in this record overall and within the range on a per-square-foot basis. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
