

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael & Lori Gressick
DOCKET NO.: 24-02786.001-R-1
PARCEL NO.: 14-09-101-013

The parties of record before the Property Tax Appeal Board are Michael & Lori Gressick, the appellants, by Jessica Hill-Magiera, Attorney at Law in Lake Zurich; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,364
IMPR.: \$197,604
TOTAL: \$245,968

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,440 square feet of living area. The dwelling was constructed in 1991. Features of the home include a basement, central air conditioning, three fireplaces, and a 780 square foot garage. The property has a 81,157 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellants contend assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on seven equity comparables located in the subject's assessment neighborhood and from .12 of a mile to 1.45 miles from the subject. The comparables consist of two-story dwellings of brick or vinyl/wood siding exterior construction ranging in size from 3,452 to 3,799 square feet of living area. The homes were built from 1985 to 1995. Each dwelling has central air conditioning, one or two fireplaces, a basement, and a garage ranging in size from 768 to 920 square feet of building area.

The comparables have improvement assessments ranging from \$175,743 to \$199,092 or from \$46.26 to \$54.40 per square foot of living area. Based on this evidence, the appellants requested a reduced improvement assessment of \$180,359 or \$52.43 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$245,968. The subject property has an improvement assessment of \$197,604 or \$57.44 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .33 of a mile of the subject. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 3,052 to 3,505 square feet of living area. The homes were built from 1993 to 1997. Each dwelling has central air conditioning, a fireplace, a basement, and a garage ranging in size from 706 to 946 square feet of building area. The comparables have improvement assessments ranging from \$167,836 to \$191,331 or from \$54.59 to \$55.21 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal the appellants argued that the board of review's comparables support a reduction in the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 11 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the appellants' comparables #1, #2, and #3, which are located more than one mile from the subject. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$167,836 to \$199,092 or from \$52.43 to \$55.21 per square foot of living area. The subject's improvement assessment of \$197,604 or \$57.44 per square foot of living area is within the range established by the best comparables in this record overall and slightly above the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
