

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alexis Luckett
DOCKET NO.: 24-02824.001-R-1
PARCEL NO.: 04-07-408-001

The parties of record before the Property Tax Appeal Board are Alexis Luckett, the appellant, by James Pollard, Attorney at Law in Lake Villa; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,729
IMPR.: \$80,290
TOTAL: \$89,019

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a bi-level style dwelling¹ of wood siding exterior construction with 1,261 square feet of living area. The dwelling was constructed in 1990 and is approximately 34 years old. Features of the home include a basement/lower level with finished area, central air conditioning, and a 440 square foot garage. The property has an approximately 7,000 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code and .05 or .12 of a mile from the subject. The comparables are reportedly improved with 1-story dwellings of frame exterior construction ranging in size from 1,172 to 1,278 square feet of living area. The homes

were built in 1989 or 1990. Each comparable has a lower level, central air conditioning, and a garage ranging in size from 960 to 1,040 square feet of building area. Two dwellings have a fireplace. The comparables have improvement assessments ranging from \$65,427 to \$71,814 or from \$55.11 to \$56.19 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$71,737 or \$56.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$89,019. The subject has an improvement assessment of \$80,290 or \$63.67 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located in the same assessment neighborhood code and from .18 to .23 of a mile from the subject property. The comparables are reportedly improved with 1-story dwellings of vinyl siding exterior construction ranging in size from 1,222 or 1,235 square feet of living area. The homes were built in 1991 or 1992. Each comparable has a basement with finished area, central air conditioning, a fireplace and a garage with 576 or 864 square feet of building area. The comparables have improvement assessments ranging from \$81,878 to \$82,405 or from \$66.30 to \$67.43 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which differ from the subject is dwelling size or lack finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables which are more similar to the subject in dwelling size, location, age and other features. These comparables have improvement assessments that range from \$81,878 to \$82,405 or from \$66.30 to \$67.43 per square foot of living area. The subject's improvement assessment of \$80,290 or \$63.67 per square foot of living area falls below the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
