

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Richard Braun
DOCKET NO.: 24-02858.001-R-1
PARCEL NO.: 15-14-101-005

The parties of record before the Property Tax Appeal Board are Richard Braun, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$66,004
IMPR.: \$270,388
TOTAL: \$336,392

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,482 square feet of living area. The dwelling was constructed in 1992. Features of the home include a basement with finished area, central air conditioning, one fireplace, 3½ bathrooms and two garages.¹ The property has an 81,457 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant filed an amended appeal which contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables, six of which are located within the subject's assessment neighborhood. The comparables are improved with two-story dwellings of either brick, frame or brick and frame exterior construction, ranging in size from 4,292 to 6,180 square feet of living

¹ The Board finds that the best description of the subject property is in the property record card which was submitted by both parties.

area. The comparables were constructed from 1980 to 2003 in original or effective years. Each comparable has central air conditioning, one to three fireplaces, a garage, and 3 full one half to 5 full two half bathrooms. Eight comparables have a basement with finished area. The comparables have improvement assessments that range from \$197,009 to \$314,049 or from \$37.03 to \$53.31 per square feet of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$209,160 or \$46.67 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$336,392. The subject property has an improvement assessment of \$270,388 or \$60.33 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .42 of a mile from subject. The comparables are improved with two-story dwellings of either brick, frame, or brick with frame exterior construction ranging in size from 4,260 to 4,571 square feet of living area. The comparables were constructed from 1979 to 2011. Each comparable has a basement with finished area, central air conditioning, two to five fireplaces, 3 full 1 half to 6 full bathrooms and a garage. The comparables have improvement assessments that range from \$247,142 to \$366,123 or \$58.01 to \$80.10 per square feet of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of thirteen equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #2, #3, and #6 which differ significantly from subject in dwelling size and/or in basement feature, an amenity of the subject. Additionally, the Board gives less weight to the the board of review's comparables #2, and #3 which differ significantly from subject in age, making them less comparable in similarity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #4, #5, #7, #8 and #9 and the board of review's comparables #2, and #3 which are most similar to the subject in dwelling size, age, location and features. However, the comparables have varying degrees of similarity to the subject in other features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$197,009 to \$285,131 or from \$43.93 to \$64.88 per square foot of living area. The subject's improvement assessment of \$270,388 or \$60.33 per

square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for varying differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
