

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerrold O'Connor
DOCKET NO.: 24-03399.001-R-1
PARCEL NO.: 14-34-279-004

The parties of record before the Property Tax Appeal Board are Jerrold O'Connor, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$39,630
IMPR.: \$190,025
TOTAL: \$229,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,654 square feet of living area. The dwelling was constructed in 2008 and is 16 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, and a 750 square foot garage. The property has a 23,958 square foot site and is located in Crystal Lake, Nunda Township, McHenry County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located from .17 of a mile to 2.07 miles from the subject, two of which are in the subject's assessment neighborhood. The comparables consist of two-story dwellings of brick or brick and frame exterior construction ranging in size from 4,449 to 4,590 square feet of living area. The homes were built from 1998 to 2009. Each dwelling has central air conditioning, one

or three fireplaces, a partial basement which are reported to have finished area, and a garage ranging in size from 721 to 1,018 square feet of building area. The comparables have improvement assessments ranging from \$170,786 to \$183,418 or from \$38.39 to \$39.99 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$180,110 or \$38.70 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$229,655. The subject property has an improvement assessment of \$190,025 or \$40.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within .16 of a mile of the subject. The comparables consist of two-story dwellings of brick or brick and stucco exterior construction ranging in size from 4,446 to 4,792 square feet of living area. The homes are either 20 or 24 years old. Each dwelling has central air conditioning, one or two fireplaces, a basement with finished area, and a garage ranging in size from 704 to 1,025 square feet of building area. The comparables have improvement assessments ranging from \$181,500 to \$192,590 or from \$38.76 to \$40.82 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 and #3, which differ from the subject in age and/or location.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 along with the comparables submitted by the board of review, which are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments that range from \$177,652 to \$192,590 or from \$38.70 to \$40.82 per square foot of living area. The subject's improvement assessment of \$190,025 or \$40.83 per square foot of living area falls within the range established by the best comparables in this record overall and \$.01 above the range on a per-square-foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
