

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Van Vuren
DOCKET NO.: 24-03447.001-R-1
PARCEL NO.: 20-31-201-005

The parties of record before the Property Tax Appeal Board are Van Vuren, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$93,458
IMPR.: \$249,242
TOTAL: \$342,700

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 4,823 square feet of living area. The dwelling was constructed in 1973 and is 51 years old. Features of the home include a partial basement with finished area, central air conditioning, a fireplace, an inground swimming pool, and a 1,295 square foot garage containing 771 square feet of additional living area.¹ The property has a 216,456 square foot site and is located in Barrington Hills, Algonquin Township, McHenry County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The comparables consist of 1.5-story or 2-story dwellings of brick or frame exterior construction ranging in size from 4,635 to 5,380

¹ The Board finds the subject's property record card, submitted by the board of review and not refuted by the appellant in rebuttal, to contain the best description of the subject.

square feet of living area. The homes were built from 1982 to 2008. Each dwelling has central air conditioning, a fireplace, a full or partial basement with one having finished area, and a garage ranging in size from 999 to 1,179 square feet of building area. The parcels range in size from 204,732 to 236,530 square feet of land area. The comparables sold from January 2023 to July 2024 for prices ranging from \$795,000 to \$1,000,000 or from \$152.47 to \$185.87 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$282,921, for an estimated market value of \$848,848 or \$176.00 per square foot of living area, including land, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$342,700. The subject's assessment reflects a market value of \$1,028,203 or \$213.19 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.²

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within the subject's assessment neighborhood and from .26 of a mile to 1.48 miles from the subject. Comparables #1 and #2 are the same properties as the appellant's comparables #1 and #2, respectively. The comparables consist of 1.5-story or 2-story dwellings of frame or frame and brick exterior construction ranging in size from 4,030 to 5,380 square feet of living area. The dwellings range in age from 38 to 52 years old. Each dwelling has central air conditioning, three fireplaces, a basement with two having finished area, and a garage ranging in size from 718 to 1,179 square feet of building area. The board of review reported that comparable #3 and shared comparable #1 each have an inground swimming pool. The parcels range in size from 204,541 to 236,582 square feet of land area. The comparables sold from October 2023 to July 2024 for prices ranging from \$815,000 to \$1,300,000 or from \$175.84 to \$310.42 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales to support their respective positions before the Property Tax Appeal Board, with two comparables being common to the parties. The Board gives less weight to the appellant's comparables #2/board of review comparable #2 and appellant comparable #3, which differ from the subject in age.

² Procedural rule Sec. 1910.50(c)(1) provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code §1910.50(c)(1). Prior to the drafting of this decision, the Department of Revenue has yet to publish figures for tax year 2024.

The Board finds the best evidence of market value to be the parties' remaining shared comparables and board of review comparable sales #3 and #4, which sold proximate to the assessment date at issue and are similar to the subject in age, dwelling size, and some features. These most similar comparables sold from October 2032 to June 2024 for prices ranging from \$1,000,000 to \$1,300,000 or from \$185.87 to \$310.42 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,028,203 or \$213.19 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
