

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stephen Allen
DOCKET NO.: 24-03469.001-R-1
PARCEL NO.: 16-1-03-15-00-000-018.003

The parties of record before the Property Tax Appeal Board are Stephen Allen, the appellant; and the Madison County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Madison** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,550
IMPR.: \$230,190
TOTAL: \$262,740

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Madison County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 5,116 square feet of living area. The dwelling was constructed in 2002. Features of the home include a partial basement with finished area, central air conditioning, two fireplaces, and a 1,020 square foot garage. The property has a 12.59 acre site and is located in Dorsey, Moro Township, Madison County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on August 25, 2023 for a price of \$650,000. The appellant reported that the seller was E Doubled RE, LLC, the parties to the transaction were not related, and the property was sold by the owner. The appellant also indicated the property was advertised for sale through the Multiple Listing Service (MLS) for a period of 80 days. In support of the sale, the appellant submitted a copy of the settlement

statement confirming the sale date and sale price. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$286,940. The subject's assessment reflects a market value of \$860,906 or \$168.28 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

In rebuttal, the appellant submitted an appraisal estimating the subject property had a market value of \$675,000 as of August 22, 2025.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

As an initial matter, pursuant to the rules of the Property Tax Appeal Board, rebuttal evidence is restricted to that evidence to explain, repel, counteract or disprove facts given in evidence by an adverse party. (86 Ill. Admin. Code §1910.66(a)). Moreover, rebuttal evidence shall not consist of new evidence such as an appraisal or newly discovered comparable properties. (86 Ill. Admin. Code §1910.66(c)). In light of these rules, the Property Tax Appeal Board has not considered the appraisal submitted by appellant in conjunction with his rebuttal argument.

Therefore, the Board finds the only evidence of market value in the record to be the purchase of the subject property in August 2023 for a price of \$650,000. The appellant disclosed the property was advertised for sale and had the elements of an arm's length transaction. In support of the sale, the appellant submitted a copy of the settlement statement confirming the sale price and sale date. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value.

The record further disclosed that the appellant filed the appeal directly to the Property Tax Appeal Board after the application of a township equalization factor by the board of review. The assessment notice disclosed the assessment on the property was increased by the application of a township equalization factor of 1.0921.

Due to the fact the appeal was filed after notification of an equalization factor, the amount of relief that the Property Tax Appeal Board may grant is limited. Section 1910.60(a) of the rules of the Property Tax Appeal Board states in part:

If the taxpayer or owner of property files a petition within 30 days after the postmark date of the written notice of the application of final, adopted township

equalization factors, the relief the Property Tax Appeal Board may grant is limited to the amount of the increase caused by the application of the township equalization factor. 86 Ill. Admin. Code §1910.60(a).

Additionally, section 16-180 of the Property Tax Code (35 ILCS 200/16-180) provides in pertinent part:

Where no complaint has been made to the board of review of the county where the property is located and the appeal is based solely on the effect of an equalization factor assigned to all property or to a class of property by the board of review, the Property Tax Appeal Board may not grant a reduction in the assessment greater than the amount that was added as the result of the equalization factor.

These provisions mean that where a taxpayer files an appeal directly to the Property Tax Appeal Board after notice of the application of an equalization factor, the Board cannot grant an assessment reduction greater than the amount of increase caused by the equalization factor. Villa Retirement Apartments, Inc. v. Property Tax Appeal Board, 302 Ill.App.3d 745, 753 (4th Dist. 1999). Based on a review of the evidence contained in the record, the Property Tax Appeal Board finds a reduction in the assessment of the subject property is supported; however, the reduction is limited to the increase in the assessment caused by the application of the township equalization factor.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
