

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Katherine Herdus
DOCKET NO.: 24-03590.001-R-1
PARCEL NO.: 09-10-201-006

The parties of record before the Property Tax Appeal Board are Katherine Herdus, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the McHenry County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **McHenry** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,848
IMPR.: \$211,422
TOTAL: \$226,270

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the McHenry County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling of frame and masonry exterior construction with 4,227 square feet of living area. The dwelling was constructed in 2016 and is approximately 8 years old. Features of the home include a basement, central air conditioning, one fireplace, a garage with 1,626 square feet of building area and an inground swimming pool.¹ The property has a site with approximately 43,592 square feet of land area and is located in Ringwood, McHenry Township, McHenry County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. The comparables are improved with 1-story or part 1-story and part 2-story dwellings ranging in size from 3,412 to 4,303 square feet of living area. Two comparables have frame or frame and masonry exterior construction. The dwellings were built from 1981 to 2008. Each comparable

¹ The Board finds the best description of the subject is found in the property record card provided by the board of review, that was not refuted by the appellant.

has a basement, central air conditioning and one or two fireplaces. One comparable has a garage with 816 square feet of building area. The comparables have improvement assessments that range from \$166,473 to \$175,306 or from \$40.74 to \$48.79 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$193,385 or \$45.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$226,270. The subject property has an improvement assessment of \$211,422 or \$50.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables. The comparables are improved with 1-story or 2-story dwellings of frame and brick exterior construction ranging in size from 4,044 to 4,565 square feet of living area. The dwellings range in age from 9 to 18 years old. Each comparable has a basement, one with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 1,076 to 3,205 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from \$189,860 to \$232,992 or from \$46.95 to \$53.96 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board has given less weight to the appellant's comparables as well as board of review comparable #1 due to their older ages when compared to the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3. The Board finds that these comparables are similar to the subject in dwelling size, age and some features. These two most similar comparables have improvement assessments of \$189,860 and \$231,892 or \$46.95 and \$50.80 per square foot of living area. The subject's improvement assessment of \$211,422 or \$50.02 per square foot of living area, is bracketed by the two best comparables in the record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
