

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hawk Properties, Inc
DOCKET NO.: 24-03640.001-R-1
PARCEL NO.: 02-16.0-108-044

The parties of record before the Property Tax Appeal Board are Hawk Properties, Inc, the appellant, by attorney Patrick Sullivan, of PRDS Law, LLC in Belleville; and the St. Clair County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **St. Clair** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$516
IMPR.: \$5,985
TOTAL: \$6,501

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the St. Clair County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,320 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a basement, central air conditioning, and a 312 square foot garage. The property has a 6,098 square foot site and is located in East St. Louis, E. St. Louis Township, St. Clair County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located from 1.3 to 13.9 miles from the subject. The comparables are improved with 1.5-story homes and have varying degrees of similarity to the subject in dwelling size, age, and features. The appellant reported the comparables sold in December 2023 and July 2024 for prices ranging from \$4,500 to \$20,000 or from \$5.84 to \$11.11 per square foot of living area, including land. The appellant presented listing sheets for these sales, with comparable #1 reported to be a short sale and the property

having mold and structural damage. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,501. The subject's assessment reflects a market value of \$19,505 or \$14.78 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.¹

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within the same assessment neighborhood code as the subject. The parcels range in size from 6,307 to 15,036 square feet of land area and are improved with 1-story homes ranging in size from 1,008 to 1,269 square feet of living area. The dwellings were built from 1927 to 1970. One home has a basement. Two homes have central air conditioning and two comparables have a 216 or a 513 square foot garage. The comparables sold from September 2022 to September 2024 for prices ranging from \$25,000 to \$68,000 or from \$24.80 to \$53.59 per square foot of living area, including land.

With regard to the appellant's comparables, the board of review contended they differ from the subject in age, exterior construction, quality, garage amenity, condition, and/or location. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables, which are 1.5-story homes compared to the subject's 1-story home and/or are located more than 12 miles from the subject.

The Board finds the best evidence of market value to be the board of review's comparables, which sold proximate in time to the assessment date and are similar to the subject in 1-story design and location but have varying degrees of similarity to the subject in dwelling size, age, site size, and features, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$25,000 to \$68,000 or from \$24.80 to \$53.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$19,505 or \$14.78 per square foot of living area, including land, which is below the range established by the best comparable sales in this

¹ Section 1910.50(c)(1) of the Board's procedural rules provides that in all counties other than Cook, the three-year county wide assessment level as certified by the Department of Revenue will be considered. 86 Ill. Admin. Code § 1910.50(c)(1). As of the development of this Final Administrative decision, the Department of Revenue has not published figures for tax year 2024.

record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
