

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Veneziano Lenny
DOCKET NO.: 24-04165.001-R-1
PARCEL NO.: 05-07-105-046

The parties of record before the Property Tax Appeal Board are Veneziano Lenny, the appellant, by attorney David Kieta, of Kieta Law LLC, in Winfield, and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$37,416
IMPR.: \$197,008
TOTAL: \$234,424

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 3,292 square feet of living area. The dwelling was constructed in 2015 and is approximately 9 years old. Features of the home include a basement, central air conditioning, a fireplace, and a 628 square foot garage. The property has an 8,084 square foot site and is located in Winfield, Milton Township, DuPage County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located in the same neighborhood code and within .20 of a mile from the subject. The comparables consist of two-story dwellings of frame exterior construction which are either 8 or 9 years old. The homes range in size from 2,912 to 3,703 square feet of living area. Each home has a basement, central air conditioning, and a garage ranging in size from 400 to 640

square feet of building area. Four comparables each have a fireplace. The comparables have improvement assessments ranging from \$161,461 to \$203,972 or from \$55.08 to \$58.63 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$185,570 or \$56.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,424. The subject property has an improvement assessment of \$197,008 or \$59.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code and within .18 of a mile from the subject. The comparables consist of two-story dwellings of frame or frame and masonry exterior construction which are either 8 or 9 years old. The homes range in size from 2,928 to 3,160 square feet of living area. Each home has a basement, where comparables #1 and #3 each have finished basement area. Features include central air conditioning, and a garage ranging in size from 400 to 640 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$173,498 to \$199,409 or from \$59.25 to \$63.10 per square foot of living area. Based on this evidence and argument, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten equity comparables in support of their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables #1 and #3 as well as board of review comparables #1 and #3, due to differences in dwelling size or finished basement area, when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #4, #5 and #6 along with board of review comparables #2 and #4, which are each relatively similar to the subject in location, design, dwelling size, and several features. Adjustments to several of these comparables are necessary for the one-year difference in age, dwelling size, fireplace count, and/or garage size when compared to the subject. These comparables have improvement assessments ranging from \$173,498 to \$197,290 or from \$55.17 to \$60.36 per square foot of living area. The subject's improvement assessment of \$197,008 or \$59.84 per square foot of living area falls within the range established by the best comparables in this record both in terms of overall improvement assessment and on a per-square-foot of living area.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. The requirement is satisfied if the intent is evident to adjust the taxation burden with a reasonable degree of uniformity and if such is the effect of the statute enacted by the General Assembly establishing the method of assessing real property in its general operation. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill. 2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity which appears to exist on the basis of the evidence.

Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
