

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jackie Adams  
DOCKET NO.: 24-04307.001-R-1  
PARCEL NO.: 07-30-109-044

The parties of record before the Property Tax Appeal Board are Jackie Adams, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$43,670  
**IMPR.:** \$136,319  
**TOTAL:** \$179,989

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,876 square feet of living area. The dwelling was constructed in 1998. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 528 square foot garage. The property has a 10,248 square foot site and is located in Aurora, Naperville Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five assessment equity comparables located within .11 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction that range in size from 2838 to 3,323 square feet of living area. The homes were built in 1996 or 1998 and

have basements, one of which has finished area.<sup>1</sup> Each comparable has central air conditioning and a 2-car or a 3-car garage. Two comparables each have one fireplace. These properties have improvement assessments ranging from \$125,591 to \$153,959 or from \$39.73 to \$46.36 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$179,989. The subject property has an improvement assessment of \$136,319 or \$47.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six assessment equity comparables located within .14 of a mile from the subject. Comparable #2 is the same property as appellant's comparable #2. The comparables are improved with 2-story dwellings of frame or frame and brick exterior construction that range in size from 2,737 to 3,043 square feet of living area. The homes were built from 1996 to 1999 and have unfinished basements. Each home has central air conditioning, one fireplace and a garage ranging in size from 441 to 498 square feet of building area. Their improvement assessments range from \$131,578 to \$143,720 or from \$46.36 to \$48.07 per square foot of living area. The board of review submitted a map depicting the locations of both parties' comparables.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on ten assessment equity comparables for the Board's consideration, one of which is a common comparable. The Board gives less weight to appellant's comparable #1 due to difference in dwelling size and to appellant's comparable #5 which has finished basement area when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparables #2, #3 and #4 along with the board of review comparables which includes the common comparable. These eight comparables overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$129,964 to \$143,720 or from \$45.30 to \$48.07 per square foot of living area. The subject's improvement assessment of \$136,319 or \$47.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to best comparables for differences from the subject, the Board finds the appellant did not demonstrate

<sup>1</sup> Some descriptive information regarding the appellant's comparables was drawn from the board of review's evidence.

with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
