

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vishwajit Panse  
DOCKET NO.: 24-04321.001-R-1  
PARCEL NO.: 07-34-303-018

The parties of record before the Property Tax Appeal Board are Vishwajit Panse, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,165  
**IMPR.:** \$126,581  
**TOTAL:** \$166,746

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,396 square feet of living area. The dwelling was constructed in 1995 and is approximately 29 years old. Features of the home include a basement with finished area, central air conditioning, and a 483 square foot 2-car garage. The property has an 8,881 square foot site and is located in Naperville, Naperville Township, DuPage County.

The appellant contends inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on six assessment equity comparables located within .23 of a mile from the subject property. The comparables are improved with 2-story dwellings of frame exterior construction that range in size from 2,364 to 2,455 square feet of living area. The homes were built in 1996 and 1998. Each comparable has a basement, central air conditioning and a 2-car garage. These properties have improvement

assessments ranging from \$119,859 to \$125,357 or from \$49.88 to \$51.33 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,746. The subject property has an improvement assessment of \$126,581 or \$52.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six assessment equity comparables located within .37 of a mile from the subject. The comparables are improved with 2-story dwellings of frame and brick exterior construction that range in size from 2,298 to 2,456 square feet of living area. The homes were built from 1995 to 1997 and have basements with finished area. Each home has central air conditioning and a garage ranging in size from 420 to 734 square feet of building area. Their improvement assessments range from \$123,020 to \$131,400 or from \$52.80 to \$53.53 per square foot of living area. The board of review submitted a map depicting the locations of both parties' comparables. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on twelve assessment equity comparables for the Board's consideration that are similar to the subject in location, age, dwelling size and most features. However, the appellant did not report if the comparables have finished basement area which is a feature of the subject and therefore, they were given less weight by the Board.

The Board finds the best evidence of assessment equity to be the board of review comparables which have finished basement area like the subject. These comparables have improvement assessments ranging from \$123,020 to \$131,400 or from \$52.80 to \$53.53 per square foot of living area. The subject's improvement assessment of \$126,581 or \$52.83 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering the adjustments to the best comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
