

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeevan Nagulapally
DOCKET NO.: 24-04332.001-R-1
PARCEL NO.: 07-06-112-039

The parties of record before the Property Tax Appeal Board are Jeevan Nagulapally, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,591
IMPR.: \$137,054
TOTAL: \$172,645

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,771 square feet of living area. The dwelling was constructed in 2001 and is approximately 23 years old. Features of the home include a basement with finished area, central air conditioning, and a 3-car garage with 707 square feet of building area. The property has a 10,454 square foot site and is located in Aurora, Naperville Township, DuPage County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located within 0.14 of a mile from the subject. The comparables are improved with 2-story homes of frame or frame/brick exterior construction ranging in size from 2,709 to 2,785 square feet of living area. The dwellings are 23 or 24 years old and feature a basement, central

air conditioning, and a 2-car or a 3-car garage. Five homes each have a fireplace.¹ The comparables have improvement assessments ranging from \$119,292 to \$132,368 or from \$43.81 to \$47.53 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$126,404.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$172,645. The subject property has an improvement assessment of \$137,054 or \$49.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within 0.18 of a mile from the subject. Comparables #1, #3, #4, and #6 are the same properties as the appellant's comparables #6, #5, #4, and #3, respectively, described above. Comparables #2 and #5 are improved with 2-story homes of frame or frame/brick exterior construction with 2,785 and 2,864 square feet of living area. The homes are 24 years old and feature a basement, central air conditioning, and a 707 square foot garage. One home has a fireplace. These comparables have improvement assessments of \$129,018 and \$130,955 or \$46.33 and \$45.72 per square foot of living area, respectively. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables, with four common comparables, for the Board's consideration. The Board finds these comparables are similar to the subject in dwelling size, location, age, and most features, although none of these comparables have finished basement area like the subject, suggesting upward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$119,292 to \$132,368 or from \$43.81 to \$47.53 per square foot of living area. The subject's improvement assessment of \$137,054 or \$49.46 per square foot of living area falls above the range established by the best comparables in this record. However, after considering appropriate adjustments to the comparables for differences from the subject, as a finished basement area, the Board finds the subject's assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Although the appellant reported only one comparable has a fireplace, the board of review presented property record cards for these comparables depicting five of them having a fireplace.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
