

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sasanka M
DOCKET NO.: 24-04347.001-R-1
PARCEL NO.: 09-02-313-019

The parties of record before the Property Tax Appeal Board are Sasanka M, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$100,796
IMPR.: \$222,977
TOTAL: \$323,773

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,151 square feet of living area. The dwelling was constructed in 1995 and is 29 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 546 square foot garage. The property has an 11,317 square foot site and is located in Clarendon Hills, Downers Grove Township, DuPage County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located in the subject's assessment neighborhood and within .2 of a mile of the subject. The comparables consist of two-story dwellings of brick or frame exterior construction ranging in size from 3,272 to 3,844 square feet of living area. The homes range in age from 25 to 32 years old. Each dwelling has central air conditioning, a fireplace, a basement with finished area, and a garage ranging in size from 546 to 790 square feet of building area. The comparables

have improvement assessments ranging from \$212,284 to \$239,316 or from \$61.58 to \$64.88 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$200,939 or \$63.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$323,773. The subject property has an improvement assessment of \$222,977 or \$70.76 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood and within .42 of a mile of the subject. The comparables consist of two-story or three-story dwellings of frame or frame and brick exterior construction ranging in size from 2,944 to 3,261 square feet of living area. The homes were built in either 1955 or 1985. Each dwelling has central air conditioning, a fireplace, a basement with finished area, and a garage ranging in size from 440 to 560 square feet of building area. The comparables have improvement assessments ranging from \$240,926 to \$262,095 or from \$73.88 to \$89.03 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of six equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the appellant's comparable #2, which differs from the subject in dwelling size, and the board of review comparables #1 and #2, which differ from the subject in age. The Board finds the parties' remaining three comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$212,284 to \$262,095 or from \$64.86 to \$89.03 per square foot of living area. The subject's improvement assessment of \$222,977 or \$70.76 per square foot of living area is within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
