

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Mou
DOCKET NO.: 24-04374.001-R-1
PARCEL NO.: 07-34-301-024

The parties of record before the Property Tax Appeal Board are Gary Mou, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,875
IMPR.: \$145,156
TOTAL: \$192,031

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and brick exterior construction with 2,675 square feet of living area. The dwelling was constructed in 1996 and is approximately 28 years old. Features of the home include a basement with 552 square feet of finished area, central air conditioning, a fireplace, and a 3-car garage with 660 square feet of building area. The property has a 6,098 square foot site and is located in Naperville, Naperville Township, DuPage County.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located within 0.25 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 2,602 to 2,878 square feet of living area. The homes are 26 or 28 years old. Each home features a basement, central air conditioning, and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$130,899 to \$145,178 or

from \$49.11 to \$50.75 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$133,777.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$192,031. The subject property has an improvement assessment of \$145,156 or \$54.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located within 0.29 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 2,534 to 2,796 square feet of living area. The homes were built from 1996 to 1998. Each home has a basement with 532 to 1,434 square feet of finished area, central air conditioning, a fireplace, and a garage ranging in size from 651 to 718 square feet of building area. The comparables have improvement assessments ranging from \$139,892 to \$151,410 or from \$54.15 to \$56.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which lack finished basement area that is a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are more similar to the subject in dwelling size, age, location, and features, although three comparables have much larger finished basement area than the subject, suggesting downward adjustments to these comparables would be needed to make them more equivalent to the subject. These comparables have improvement assessments ranging from \$139,892 to \$151,410 or from \$54.15 to \$56.75 per square foot of living area. The subject's improvement assessment of \$145,156 or \$54.26 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
