

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thomas Difiglio
DOCKET NO.: 24-04397.001-R-1
PARCEL NO.: 10-05-208-020

The parties of record before the Property Tax Appeal Board are Thomas Difiglio, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,406
IMPR.: \$143,688
TOTAL: \$205,094

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 2,928 square feet of living area. The dwelling was constructed in 1991 and is 33 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 529 square foot garage. The property has a 9,500 square foot site and is located in Darien, Downers Grove Township, DuPage County.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables located in the subject's assessment neighborhood and within .17 of a mile of the subject. The comparables consist of two-story dwellings of brick or frame and brick exterior construction ranging in size from 2,915 to 2,991 square feet of living area. The homes range in age from 25 to 34 years old. Each dwelling has central air conditioning, a fireplace, a basement

with one having finished area, and a garage ranging in size from 484 to 709 square feet of building area. The comparables have improvement assessments ranging from \$128,154 to \$139,554 or from \$43.38 to \$47.87 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$135,156 or \$46.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$205,094. The subject property has an improvement assessment of \$143,688 or \$49.07 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six equity comparables located within the subject's assessment neighborhood and within .36 of a mile of the subject. The comparables consist of two-story dwellings of brick exterior construction ranging in size from 2,884 to 3,087 square feet of living area. The homes were built from 1990 to 2000. Each dwelling has central air conditioning, a fireplace, a basement with two having finished area, and a garage ranging in size from 483 to 884 square feet of building area. The comparables have improvement assessments ranging from \$141,490 to \$154,337 or from \$49.06 to \$52.48 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of 12 equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds the parties' comparables are similar to the subject in age, location, dwelling size, and features. The comparables have improvement assessments ranging from \$128,154 to \$154,337 or from \$43.38 to \$52.48 per square foot of living area. The subject's improvement assessment of \$143,688 or \$49.07 per square foot of living area is within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
