

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Fang  
DOCKET NO.: 24-04398.001-R-1  
PARCEL NO.: 08-17-417-004

The parties of record before the Property Tax Appeal Board are William Fang, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$95,403  
**IMPR.:** \$189,720  
**TOTAL:** \$285,123

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a part 2-story and part 1-story dwelling of frame exterior construction with 3,784 square feet of living area. The dwelling was constructed in 1998 and is approximately 26 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a garage with 680 square feet of building area.<sup>1</sup> The property has a site with approximately 9,564 square feet of land area and is located in Naperville, Lisle Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .16 of a mile from the subject property. The comparables are improved with part 2-story and part 1-story dwellings of frame or Drivit exterior construction ranging in size from 3,277 to

<sup>1</sup> The Board finds the best description of the subject is found in the evidence provided by the board of review, that was not refuted by the appellant.

4,065 square feet of living area.<sup>2</sup> The comparables range in age from 24 to 29 years old. Each comparable has a basement, three with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 500 to 797 square feet of building area. The comparables have improvement assessments that range from \$157,332 to \$200,173 or from \$45.12 to \$49.31 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$182,225 or \$48.16 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$285,123. The subject property has an improvement assessment of \$189,720 or \$50.14 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on six suggested equity comparables. The comparables are located in the same assessment neighborhood code as the subject and within .23 of a mile from the subject property. The comparables are improved with part 2-story and part 1-story dwellings of frame exterior construction ranging in size from 3,519 to 3,912 square feet of living area. The dwellings were built from 1995 to 1999. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 672 to 810 square feet of building area. The comparables have improvement assessments ranging from \$183,256 to \$216,488 or from \$50.36 to \$58.75 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration with two comparables being common to both parties. The Board has given less weight to appellant's comparables #2 through #6 due to their differences from the subject in finished basements or dwelling size. The Board finds the best evidence of assessment equity to be appellant's comparable #1 along with the board of review comparables. The Board finds that these comparables are most similar to the subject in location, design, dwelling size, age and some features. These most similar comparables have improvement assessments ranging from \$182,324 to \$216,488 or from \$45.12 to \$58.75 per square foot of living area. The subject's improvement assessment of \$189,720 or \$50.14 per square foot of living area falls within the range of the best comparable sales in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

---

<sup>2</sup> The board of review submitted a grid analysis of the appellant's comparables disclosing the exterior construction, central air conditioning amenity and fireplace count, which was not refuted by the appellant.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
