

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajendra Patel
DOCKET NO.: 24-04418.001-R-1
PARCEL NO.: 01-16-201-017

The parties of record before the Property Tax Appeal Board are Rajendra Patel, the appellant, by attorney David Kieta, of Kieta Law LLC in Winfield; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,679
IMPR.: \$136,662
TOTAL: \$187,341

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of aluminum exterior construction with 3,335 square feet of living area. The dwelling was constructed in 2000 and is approximately 24 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 726 square foot 3-car garage. The property has an approximately 20,010 square foot site and is located in Bartlett, Wayne Township, DuPage County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on six equity comparables located in the same assessment neighborhood code and from .03 to .32 of a mile from the subject. The comparables are improved with 2-story dwellings of aluminum or vinyl exterior construction ranging in size from 3,214 to 3,713 square feet of living area. The homes are 24 or 25 years old. Each comparable has a basement, central air conditioning, and a 2 or 3-car garage ranging in size from 440 to 726 square feet of building area. Five comparables

each have a fireplace. The comparables have improvement assessments ranging from \$116,866 to \$144,344 or from \$35.64 to \$39.04 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$125,262 or \$37.56 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,341. The subject has an improvement assessment of \$136,662 or \$40.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on six equity comparables located in the same assessment neighborhood code and from .16 to .31 of a mile from the subject property. The comparables are improved with 2-story dwellings of aluminum or vinyl exterior construction ranging in size from 3,126 to 3,417 square feet of living area. The homes are 25 or 26 years old. Each comparable has a basement, central air conditioning and a 3-car garage ranging in size from 630 to 726 square feet of building area. Five dwellings each have a fireplace. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$127,778 to \$138,547 or from \$40.16 to \$41.93 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #1, #4, #5 and #6 which are less similar to the subject in dwelling size, garage capacity and/or an inground swimming pool feature.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are nearly identical to the subject in location, age, design, dwelling size, garage capacity and other features. These comparables have improvement assessments of \$133,939 and \$136,673 or from \$40.16 to \$40.98 per square foot of living area. The subject's improvement assessment of \$136,662 or \$40.98 per square foot of living area is bracketed by the two best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
