

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Doo
DOCKET NO.: 24-20183.001-R-1
PARCEL NO.: 11-30-301-031-0000

The parties of record before the Property Tax Appeal Board are Alan Doo, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,281
IMPR.: \$61,719
TOTAL: \$71,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story, multi-family building of masonry exterior construction with 5,836 square feet of gross building area. The building is approximately 95 years old. Features include a full basement, 3 full bathrooms, and a 2-car garage. The property has a 4,125 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood as the subject and within 0.70 of a mile to one mile from the subject. The comparables are improved with class 2-11, 3-story multi-family buildings of masonry exterior construction ranging in size from 6,037 to 7,435 square feet of

gross building area. The buildings are from 95 to 102 years old. The buildings have full basements, two of which have apartments. Each comparable has 3 full, 4 full and 3 half, or 7 full bathrooms. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$60,000 to \$69,388 or from \$9.33 to \$9.94 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$56,434 or \$9.67 per square foot of gross building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$71,000. The subject has an improvement assessment of \$61,719 or \$10.58 per square foot of gross building area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately 0.25 of a mile from the subject. The comparables are improved with class 2-11, 3-story multi-family buildings of masonry exterior construction ranging in size from 5,739 to 5,876 square feet of gross building area. The buildings are from 70 to 98 years old. The buildings have partial or full basements, one of which has a recreation room. Each comparable has 3 full or 5 full and 2 half bathrooms. One comparable has central air conditioning, and two comparables each have a 3-car garage. The comparables have improvement assessments ranging from \$63,719 to \$67,000 or from \$11.06 to \$11.56 per square foot of gross building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #3 along with the board of review's comparable #3 due to differences in their age, building size, and/or foundation type when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables. These comparables are most similar to the subject in location, design, age, building size and foundation type, but have varying degrees of similarity to the subject in other features. These four comparables have improvement assessments ranging from \$60,000 to \$67,000 or from \$9.94 to \$11.56 per square foot of gross building area. The subject's improvement assessment of \$61,719 or \$10.58 per square foot of gross building area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with

clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
