

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Benjamin Hurwitz
DOCKET NO.: 24-20195.001-R-1
PARCEL NO.: 10-36-105-002-0000

The parties of record before the Property Tax Appeal Board are Benjamin Hurwitz, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,840
IMPR.: \$53,000
TOTAL: \$62,840

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,498 square feet of living area. The dwelling is approximately 88 years old. Features of the home include a basement, central air conditioning, and a fireplace. The property has a 3,936 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within a different assessment neighborhood and from 0.80 of a mile to 1.30 miles from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,209 to 2,690 square feet of living area. The

dwelling are from 70 to 100 years old. Each comparable has a basement and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$38,688 to \$48,018 or from \$17.21 to \$17.85 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$43,765 or \$17.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of \$63,293. The subject property has an improvement assessment of \$53,453 or \$21.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and within the subject's block or approximately 0.25 of a mile from the subject. The comparables consist of class 2-06, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,215 to 2,478 square feet of living area. The dwellings are from 71 to 85 years old. Each comparable has a basement, two of which have finished area, central air conditioning, and a fireplace. Two comparables have either a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$49,904 to \$56,482 or from \$21.54 to \$22.83 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparables for the Board's consideration. The Board gives less weight to the appellant's comparables and the board of review's comparables #3 and #4 which are located nearly a mile or more from the subject property and/or differ in age to the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2 which are overall most similar to the subject in location, age, dwelling size and some features. However, these comparables require adjustments for differences in other features to make them more equivalent to the subject, such as a garage amenity, which the subject lacks. These two comparables have improvement assessments of \$49,904 and \$53,376 or \$21.54 and \$22.53 per square foot of living area. The subject's improvement assessment of \$53,453 or \$21.40 per square foot of living area falls above the two best comparables in the record on an overall basis and below them on a per square foot basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the subject's improvement

assessment is excessive. Based on this evidence, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
