

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerome Wagner
DOCKET NO.: 24-20316.001-R-1
PARCEL NO.: 05-33-413-063-0000

The parties of record before the Property Tax Appeal Board are Jerome Wagner, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,903
IMPR.: \$38,823
TOTAL: \$50,726

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 1,702 square feet of living area. The dwelling is approximately 71 years old. Features of the home include a full basement, one fireplace and a 1-car garage. The property has an approximately 5,175 square foot site and is located in Evanston, Evanston Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted four equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 dwellings of masonry or frame and masonry exterior construction that range in size from 1,560 to 2,034 square feet of living area. The comparables range in age from 70 to 87 years old. Each comparable has a full basement, one or two fireplaces and a 1-car garage. The comparables have improvement assessments that range from \$27,953 to

\$44,810 or from \$17.92 to \$22.03 per square foot of living area. Based on this evidence, the appellant requested a reduction the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,726. The subject property has an improvement assessment of \$38,823 or \$22.81 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-05 dwellings of frame, masonry or stucco exterior construction that range in size from 1,332 to 1,737 square feet of living area. The dwellings range in age from 76 to 112 years old. Each comparable has a full basement, one fireplace and from a 1-car to a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments that range from \$36,021 to \$40,212 or from \$23.15 to \$27.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparables #2, #3 and #4 as well as board of review comparables #2, #3 and #4 due to their differences from the subject in central air conditioning amenity, age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the parties remaining comparables. The Board finds that these two comparables are most similar to the subject in design, age, dwelling size, and some features. These two most similar comparables have improvement assessments of \$27,953 and \$40,212 or \$17.92 and \$23.15 per square foot of living area. The subject's improvement assessment of \$38,823 or \$22.81 per square foot of living area is bracketed by the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
