

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 6536 N Glenwood, LLC
DOCKET NO.: 24-20402.001-R-1
PARCEL NO.: 11-32-317-020-0000

The parties of record before the Property Tax Appeal Board are 6536 N Glenwood, LLC, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,990
IMPR.: \$110,010
TOTAL: \$126,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story building of masonry exterior construction containing 10,223 square feet of building area. The building is approximately 111 years old. Features of the building include a full basement and a 2-car garage. The property has an approximately 6,150 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located in the same assessment neighborhood and classification code as the subject property. The comparables are improved with buildings of masonry exterior construction that range in size from 9,774 to 11,316 square feet of building area. The buildings range in age from 53 to 101 years old. Each comparable has a full basement. Two comparables each have a 2-car or a 3.5-car garage. The comparables have improvement assessments that range from

\$100,880 to \$112,332 or from \$9.17 to \$10.64 per square foot of building area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,000. The subject property has an improvement assessment of \$110,010 or \$10.76 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood and classification code as the subject property. The comparables are improved with buildings of masonry exterior construction that range in size from 5,190 to 10,728 square feet of building area. The buildings range in age from 99 to 113 years old. Each comparable has a full basement. Three comparables each have a 2-car or a 3.5-car garage. The comparables have improvement assessments ranging from \$60,484 to \$117,316 or from \$10.89 to \$11.65 per square foot of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested equity comparables for the Board's consideration. The Board has given less weight to appellant's comparable #2 as well as board of review comparables #1 and #2 due to their differences from the subject in age, building size and/or garage amenity.

The Board finds the best evidence of assessment equity to be appellant's comparables #1 and #3 along with board of review comparables #3 and #4. The Board finds that these comparables are most similar to the subject in location, classification, age and building size. These most similar comparables have improvement assessments ranging from \$100,880 to \$117,316 or from \$9.17 to \$11.07 per square foot of building area. The subject's improvement assessment of \$110,010 or \$10.76 per square foot of building area falls within the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
