

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ann Keeney
DOCKET NO.: 24-20437.001-R-1
PARCEL NO.: 15-12-322-003-0000

The parties of record before the Property Tax Appeal Board are Ann Keeney, the appellant, by attorney Kelly J. Keeling, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,119
IMPR.: \$38,280
TOTAL: \$43,399

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 1,595 square feet of living area. The dwelling is approximately 110 years old. Features of the home include a full basement, central air conditioning, and a 2-car garage. The property has a 4,762 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .6 of a mile of the subject. The comparables consist of 1-story or 1.5-story class 2-03 dwellings of frame, frame and masonry, or stucco exterior construction ranging in size from 1,585 to 1,780 square feet of

living area. The homes range in age from 99 to 107 years old. Each dwelling has a full basement, with each being reported to have finished area, and a 2-car garage. Two comparables each have central air conditioning and one comparable has a fireplace. The comparables have improvement assessments ranging from \$35,280 to \$43,325 or from \$19.82 to \$27.11 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$31,613 or \$19.82 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,102. The subject property has an improvement assessment of \$43,983 or \$27.58 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, two of which are within .25 of a mile of the subject. The comparables consist of 1-story class 2-03 dwellings of frame, masonry, or stucco exterior construction ranging in size from 1,009 to 1,676 square feet of living area. The homes range from 101 to 105 years old. Each dwelling has a full basement, one of which has finished area. One comparable has a fireplace and two comparables each have either a 1-car or 2-car garage. The comparables have improvement assessments ranging from \$28,830 to \$47,895 or from \$28.57 to \$29.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to the appellant's comparables #1 and #4, as well as the comparables submitted by the board of review, which differ from the subject in dwelling size and/or lack central air conditioning or a garage, features of the subject. The Board finds the appellant's comparables #2 and #3, are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments of \$36,244 and \$39,387 or \$20.58 and \$24.85 per square foot of living area. The subject's improvement assessment of \$43,983 or \$27.58 per square foot of living area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
