

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Judy Conway
DOCKET NO.: 24-20580.001-R-1
PARCEL NO.: 15-12-106-008-0000

The parties of record before the Property Tax Appeal Board are Judy Conway, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,836
IMPR.: \$80,901
TOTAL: \$97,737

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,415 square feet of living area. The dwelling is approximately 124 years old. Features of the home include a full unfurnished basement, central air conditioning, one fireplace, 3 bathrooms and 2-car garage. The property has a 14,030 square foot site and is located in River Forest, River Forest Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are composed of class 2-06 two-story dwellings of frame, masonry, or frame and masonry, exterior construction, ranging in size from 3,125 to 3,572 square feet of living area. The homes are

approximately 82 to 156 years old. Each property has a full basement, three with finished area, 2 or 3 full and 1 or 2 half bathrooms, central air conditioning, one or two fireplaces, and a 1-car to 4-car garage.¹ The comparables have improvement assessments that range from \$60,912 to \$72,943 or from \$19.01 to \$20.73 per square feet of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$69,666 or \$20.40 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$97,737. The subject property has an improvement assessment of \$80,901 or \$23.69 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood, all located on the same street, and block as the subject. The comparables are composed of class 2-06. two-story dwellings of frame or frame and masonry exterior construction ranging in size from 2,738 to 3,594 square feet of living area. The comparables are approximately 110 to 158 years old. Each comparable has a full unfinished basement or partial basement with finished area and 2 full and 1 half or 3 full and 1 or 2 half bathrooms. Three comparables each feature two fireplaces along with a 2-car or 3-car garage, and two comparables each have central air conditioning. The comparables have improvement assessments that range from \$70,065 to \$85,897 or \$23.90 to \$27.65 per square feet of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables and the board of review's comparable #3, which differ significantly from subject in age. The Board also gives reduced weight to the board of review's comparable #2 for its substantially smaller dwelling size in comparison to subject.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #4 which are more similar to the subject in age, location, garage amenity, and other amenities. However, the comparables have varying degrees of similarity to the subject in other features, like central air conditioning, dwelling size, and garage size, suggesting adjustments

¹ The Board finds that the best description of appellant's comparables are contained in the property detail cards submitted by appellant, which were not refuted by the board of review.

would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$84,703 to \$85,897 or from \$23.90 to \$27.65 per square foot of living area. The subject's improvement assessment of \$80,901 or \$23.69 per square foot of living area falls below the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
