

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Wilens
DOCKET NO.: 24-21229.001-R-1
PARCEL NO.: 10-36-111-030-0000

The parties of record before the Property Tax Appeal Board are Michael Wilens, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,432
IMPR.: \$32,350
TOTAL: \$46,782

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 1,632 square feet of living area. The dwelling is approximately 74 years old. Features of the home include a full basement, central air conditioning, two fireplaces and a 2-car garage. The property has an approximately 5,773 square foot site and is located in Chicago, Rogers Park Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-03, 1-story dwellings of masonry exterior construction that range in size from 1,461 to 1,737 square feet of living area. The dwellings range in age from 67 to 70 years old. Each comparable has a full or partial basement and one or two fireplaces. Three comparables each have central air conditioning and two comparables each have either a 1-car or

2-car garage. The comparables have improvement assessments that range from \$20,475 to \$31,365 or from \$13.08 to \$18.54 per square foot of living area. Based on this evidence, the appellant requested a reduction the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal." The appellant submitted the board of review final decision disclosing the total assessment for the subject of \$49,847. The subject property has an improvement assessment of \$35,415 or \$21.70 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with two being located in the same assessment neighborhood code as the subject property. The comparables are improved with class 2-78, 2-story or 3-story dwellings of masonry or frame and masonry exterior construction that range in size from 2,576 to 3,703 square feet of living area. The dwellings range in age from 9 to 19 years old. Each comparable has a full or partial basement, central air conditioning and a 2-car or 3-car garage. Two comparables each have either two or three fireplaces. The comparables have improvement assessments that range from \$57,059 to \$83,985 or from \$21.51 to \$22.68 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board has given less weight to the board of review comparables due to their differences from the subject in classification, dwelling size, age and/or story height. The Board finds the best evidence of assessment equity to be the appellant's comparables. The Board finds that these comparables are most similar to the subject in classification, design, dwelling size, age with varying degrees of similarities in some features. However, two comparables each lack central air conditioning and three comparables each lack a garage, suggesting upward adjustments would be required to make these comparables more equivalent to the subject. Nevertheless, these most similar comparables have improvement assessments ranging from \$20,475 to \$31,365 or from \$13.08 to \$18.54 per square foot of living area. The subject's improvement assessment of \$35,415 or \$21.70 per square foot of living area falls above the range of the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
