

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Antonio Lostumbo
DOCKET NO.: 24-21437.001-R-1
PARCEL NO.: 13-18-108-017-0000

The parties of record before the Property Tax Appeal Board are Antonio Lostumbo, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,836
IMPR.: \$27,164
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a single-story building of masonry construction, approximately forty-eight years-old, containing 1,272 square feet of living area on a 3,720 square foot site in Harwood Heights, Norwood Park Township, Cook County. The subject is classified as 2-03 under the Cook County Real Property Assessment Classification Ordinance. Features of the property include a full unfinished basement, a full bathroom and a half bathroom.

The appellant contends overvaluation as the basis of the appeal.¹ In support of this argument, the appellant presents information on four sales comparables with varying degrees of similarity to the subject property. The properties offered by the appellant as comparables are single-story, class 2-03 buildings of masonry or frame construction, ranging in age from twenty-eight to

¹ The appellant also submitted a second petition indicating recent appraisal as the basis of appeal, but submitted no appraisal. The Board disregards that petition.

ninety-four years-old, and ranging in size from 1,110 to 1,462 square feet of living area. Two of the comparables have one full and one half bathroom, one has two full bathrooms and one has one full bathroom. Three have full basements and one is on a slab foundation. The comparables range in distance to the subject property from 0.07 to 0.23 miles. The appellant's selected sales occurred between September 27, 2022, and August 22, 2024, with sales prices ranging from \$210,000 to \$340,000 and ranging in sales price per square foot from \$143.64 to \$244.25. Based on this evidence, the appellant is requesting an assessment amount of \$26,393.

The board of review submitted its "Board of Review Notes on Appeal" stating the total assessment for the subject property as \$32,000, corresponding to a market value of \$320,000 when applying the 10% Cook County Real Estate Classification Ordinance assessment for class two properties.

In support of its contention of the correct assessment, the board of review submitted information on two sales comparables. The sales comparable properties are single-story buildings of masonry construction. One is fifty-six and one is seventy years-old. One has 1,030 square feet and one has 1,200 square feet of living area. All have full basements. The board of review reports that both of its comparables are within a quarter-mile of the subject property. The board of review's selected sales occurred on August 31, 2021 and February 14, 2022 for sale prices of \$322,500 and \$390,000 or \$268.75 and \$351.35 per square foot of living area.

Conclusion of Law

The taxpayer asserts assessment overvaluation based on comparable sales. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of a recent sale or appraisal of the subject property, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Property Tax Appeal Board (PTAB) finds the appellant failed to satisfy this burden of proof.

The Board finds the best evidence of market value is the appellant's sales comparables #1, #2, and #3 and the board of review's sales comparable #4. These properties are similar to the subject in terms of design, living area, age, construction and proximity with sales closer in time to the lien date. In contrast, the appellant's comparable #4 is lacking a basement and the sale in the board of review's comparable #1 occurred farther in time from the lien date. The Board finds that these sales comparables are afforded less weight based on these factors. The best evidence sales comparables have a sales price per square foot ranging from \$143.64 to \$268.75. Because the subject property's implied market value of \$320,000, or \$251.57 per square foot, is within the range established by the best sales comparables in the record, the Board finds the appellant **did not** demonstrate by a preponderance of the evidence that the subject assessment exaggerated the property's market value and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
