

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Francesca Inserra
DOCKET NO.: 24-21439.001-R-1
PARCEL NO.: 13-18-101-030-0000

The parties of record before the Property Tax Appeal Board are Francesca Inserra, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,965
IMPR.: \$17,035
TOTAL: \$34,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a single-story building of masonry construction, approximately seventy-one years-old, containing 1,554 square feet of living area on a 13,050 square foot site in Harwood Heights, Norwood Park Township, Cook County. The subject is classified as 2-03 under the Cook County Real Property Assessment Classification Ordinance. Features of the property include a full and a partial bathroom, a full unfinished basement and a two-car garage.

The appellant contends overvaluation as the basis of the appeal.¹ In support of this argument, the appellant presents information on four sales comparables with varying degrees of similarity to the subject property. The properties offered by the appellant as comparables are single-story, class 2-03 buildings of frame or masonry construction, ranging in age from sixty-six to ninety-

¹ The appellant also submitted a second petition indicating recent appraisal as the basis of appeal, but submitted no appraisal. The Board disregards that petition.

eight years-old, and ranging in size from 1,050 to 1,557 square feet of living area. One has a full basement and three are on slab foundations. One has a garage. The comparables range in distance to the subject property from 0.21 to 0.45 miles. The appellant's selected sales occurred between August 23, 2022, and August 27, 2024, with sales prices ranging from \$200,000 to \$297,000 and ranging in sales price per square foot from \$128.45 to \$211.90. Based on this evidence, the appellant is requesting an assessment amount of \$26,878.

The board of review submitted its "Board of Review Notes on Appeal" stating the total assessment for the subject property as \$34,000, corresponding to a market value of \$340,000 when applying the 10% Cook County Real Estate Classification Ordinance assessment for class two properties.

In support of its contention of the correct assessment, the board of review submitted information on four sales comparables. The comparable properties are single-story buildings of masonry construction ranging in age from forty-nine to seventy-seven years-old and ranging in size from 1,272 to 1,350 square feet of living area. All have full basements and two-car garages. The board of review reports that three of its comparables are within a quarter-mile of the subject property. The board of review's selected sales occurred from June 7, 2024, and October 17, 2024, for prices ranging from \$395,000 to \$493,000 or \$303.70 to \$377.39 per square foot of living area.

Conclusion of Law

The taxpayer asserts assessment overvaluation based on comparable sales. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of a recent sale or appraisal of the subject property, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Property Tax Appeal Board (PTAB) finds the appellant failed to satisfy this burden of proof.

The Board finds the best evidence of market value is the appellant's sales comparable #2 and the board of review's sales comparables #1, #2 and #4. These properties are similar to the subject in terms of design, living area, age, construction and proximity with subject property. In contrast, the appellant's comparables #1, #3 and #4 are without basements and garages. The board of review's comparable #3 is 282 square feet smaller than the subject property. The Board finds that these sales comparables are afforded less weight based on these factors. The best evidence sales comparables have a sales price per square foot ranging from \$207.84 to \$377.49. Because the subject property's implied market value of \$340,000, or \$218.79 per square foot, is within the range established by the best sales comparables in the record, the Board finds the appellant **did not** demonstrate by a preponderance of the evidence that the subject assessment exaggerated the property's market value and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
