

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Juergen Liebermann
DOCKET NO.: 24-21500.001-R-1
PARCEL NO.: 16-06-320-015-0000

The parties of record before the Property Tax Appeal Board are Juergen Liebermann, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,544
IMPR.: \$44,215
TOTAL: \$55,759

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,484 square feet of living area. The dwelling is approximately 119 years old. Features of the home include a basement with finished area,¹ central air conditioning, a fireplace and a 2-car garage. The property has an approximately 8,880 square foot site and is located in Oak Park, Oak Park Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The

¹ The Board finds the best description of the subject's basement was found in Section III of the appellant's appeal petition and grid analysis which depicts a partially finished basement.

comparables have varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$39,321 to \$49,570 or from \$16.72 to \$19.30 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$44,215 or \$17.80 per square foot of living area. Based on this evidence, the appellant requested the subject improvement assessment be reduced.

The appellant also revealed in the Residential Appeal petition that the subject property is an owner-occupied residence.

The Board takes judicial notice the subject property was the subject matter of an appeal before this Board the prior year under Docket No. 23-20637 in which the Board issued a decision lowering the subject's total assessment to \$55,769 based on evidence presented by the parties.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,595. The subject property has an improvement assessment of \$58,051 or \$23.37 per square foot of living area. The notes on appeal also disclosed that the 2023 tax year was the first year of the subject's general assessment period and no equalization factor was applied in Oak Park Township for tax year 2024.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property which have varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$59,967 to \$79,011 or from \$26.06 to \$32.58 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Pursuant to section 1910.90(i) of the rules of the Property Tax Appeal Board, the Property Tax Appeal Board takes official notice that the subject property was the subject matter of an appeal before the Board for the 2023 tax year under Docket No. 23-20637. (86 Ill.Admin.Code §1910.90(i)). In that appeal, the Property Tax Appeal Board issued a decision lowering the total assessment of the subject property to \$55,769 based on the evidence submitted by the parties. Furthermore, the Board finds that the subject property for tax year 2024 is an owner-occupied residence, which was not refuted by the board of review.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is warranted.

The Property Tax Appeal Board finds that the total assessment as established by the Board for the 2023 tax year of \$55,769 should be carried forward to the 2024 tax year subject only to equalization as provided by section 16-185 of the Property Tax Code.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds that the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2023 tax year under Docket No. 23-20637 in which a decision was issued based upon the evidence presented by the parties reducing the subject's total assessment to \$55,769.² The record indicates that the subject property is an owner-occupied dwelling and that 2023 and 2024 are within the same general assessment period. The record further indicates that no equalization factor was applied in Oak Park Township for the 2024 tax year. Furthermore, there was no evidence the subject property recently sold establishing a different fair cash value. For these reasons the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's prior year's decision. (35 ILCS 200/16-185)

² The Property Tax Appeal Board decisions for the 2023 and 2024 tax years are being issued contemporaneously by the Board.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
