

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yechezkel Montrose
DOCKET NO.: 24-22363.001-R-1
PARCEL NO.: 10-36-311-034-0000

The parties of record before the Property Tax Appeal Board are Yechezkel Montrose, the appellant, by attorney Daria Palermo, of Flanagan/Bilton LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,698
IMPR.: \$34,802
TOTAL: \$48,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a 5,412 square foot site in Chicago, Rogers Park Township, Cook County. The property consists of an approximately 74-year-old, two-story, dwelling of masonry construction with 2,505 square feet of living area, three bathrooms, a full basement, air-conditioning, and a two and a half car garage. The property is a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of this argument, appellant submitted an appraisal estimating the subject property had a market value of \$485,000 as of January 1, 2024. The appraiser utilized the sales comparison approach based on four comparable properties within 1.14 miles of the subject ranging in age from 72 to 94 years, in size from 1,930 to 2,263 square feet of living area and sold between May 2023 and September 2024 for prices ranging from \$450,000 to \$510,000, or from \$198.85 to \$247.65 per square feet of

living area, including land. Adjustments were made for condition, conditions of sale, site size, view, heating and cooling, below grade finishes, garage, fireplace, functional utility, energy efficiency, patio or deck, and modernization. Based on this evidence, appellant requests the subject property's total assessment be reduced to \$44,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,824. The subject's assessment reflects a market value of \$598,240 or \$236.84 per square foot of living area, including land, when applying the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment, the board of review submitted four comparable sales properties. Two of the properties were class 2-05. The comparable properties were each improved with a two-story masonry dwelling ranging in age from 71 to 74 years, in size from 1,980 to 2,564 square feet of living area and sold between February 2022 and September 2023 for prices ranging from \$635,000 to \$780,000, or from \$269.11 to \$328.79 per square feet of living area, including land. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

Appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by appellant. The appraiser utilized the sales comparison approach based on four comparable properties that sold between May 2023 and September 2024 and determined the market value for the subject property after adjustments. The subject's assessment of \$59,824 reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$485,000 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
