

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Flaherty
DOCKET NO.: 24-22684.001-R-1
PARCEL NO.: 28-07-200-054-0000

The parties of record before the Property Tax Appeal Board are John Flaherty, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,377
IMPR.: \$27,000
TOTAL: \$35,377

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,784 square feet of living area. The dwelling is 34 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 20,942 square foot site and is located in Oak Forest, Bremen Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the land as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood. These improved parcels range in size from 43,560 to 155,957 square feet of land area. The comparables have land assessments ranging from \$4,356

to \$12,944 or either \$0.08 or \$0.10 per square foot of land area. Based on this evidence, the appellant requested a reduced land assessment of \$2,240 or \$0.11 per square foot of land area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,612. The subject property has a land assessment of \$13,612 or \$0.65 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables have improved parcels ranging in size from 9,983 to 99,273 square feet of land area. The comparables have land assessments ranging from \$4,492 to \$7,220 or from \$0.05 to \$0.045 per square foot of land area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the comparables submitted by the appellant, as well as the board of review's comparables #3 and #4, which differ from the subject in site size. The Board finds the board of review's comparables #1 and #2 are most similar to the subject in site size. These two best comparables have land assessments of \$5,487 and \$7,220 or \$0.30 and \$0.40 per square foot of land area. The subject's land assessment of \$13,612 or \$0.65 per square foot of land area is above the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
