

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Stroschio  
DOCKET NO.: 24-22694.001-R-1  
PARCEL NO.: 05-33-117-050-0000

The parties of record before the Property Tax Appeal Board are Michael Stroschio, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$13,438  
**IMPR.:** \$30,135  
**TOTAL:** \$43,573

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 1,435 square feet of living area. The dwelling is approximately 70 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 7,679 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject property. The comparables have varying degrees of similarity when compared to the subject in location, dwelling size, design, age and features. The comparables have

improvement assessments ranging from \$28,711 to \$32,554 or from \$20.82 to \$21.79 per square foot of living area.

The appellant also revealed in the Residential Appeal petition that the subject property is an owner-occupied residence.

Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,172. The subject property has an improvement assessment of \$34,734 or \$24.20 per square foot of living area. The notes on appeal also disclosed the 2022 tax year was the first year of the subject's triennial general assessment period and no equalization factor was applied in New Trier Township for tax year 2024.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables<sup>1</sup> that have the same assessment neighborhood code and same property classification code as the subject property. The comparables have varying degrees of similarity when compared to the subject in location, dwelling size, age and features. The comparables have improvement assessments ranging from \$36,976 to \$42,188 or from \$26.91 to \$31.59 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Pursuant to section 1910.90(i) of the rules of the Property Tax Appeal Board, the Property Tax Appeal Board takes official notice that the subject property was the subject matter of an appeal before the Board for the 2023 tax year under Docket No. 23-22627.001-R-1. (86 Ill.Admin.Code §1910.90(i)). In that appeal, the Property Tax Appeal Board issued a decision lowering the total assessment of the subject property to \$43,573 based on the evidence submitted by the parties. Furthermore, the Board finds the subject property, for tax year 2024, is an owner-occupied residence, which was not refuted by the board of review.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is warranted.

The Property Tax Appeal Board finds the total assessment as established by the Board for the 2023 tax year of \$43,573 should be carried forward to the 2024 tax year subject only to equalization as provided by section 16-185 of the Property Tax Code.

<sup>1</sup> Board of review comparable #4 is a duplicate of comparable #3.

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds the subject property was the subject matter of an appeal before the Property Tax Appeal Board for the 2023 tax year under Docket No. 23-22627.001-R-1 in which a decision was issued based upon the evidence presented by the parties reducing the subject's total assessment to \$43,573.<sup>2</sup> The record indicates the subject property is an owner-occupied dwelling and that 2023 and 2024 are within the same general assessment period. The record further indicates no equalization factor was applied in New Trier Township for the 2024 tax year. Furthermore, there was no evidence the subject property recently sold establishing a different fair cash value. For these reasons the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's prior year's decision.

---

<sup>2</sup> The Property Tax Appeal Board decisions for the 2023 and 2024 tax years are being issued contemporaneously by the Board.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
