

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jianlai Qin
DOCKET NO.: 24-22835.001-R-1
PARCEL NO.: 04-12-200-010-0000

The parties of record before the Property Tax Appeal Board are Jianlai Qin, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,796
IMPR.: \$56,026
TOTAL: \$75,822

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 2,283 square feet of living area. The dwelling is approximately 62 years old. Features of the home include a partial basement with finished area,¹ central air conditioning, one fireplace, and a 2-car garage. The property has an 11,645 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located within the same assessment neighborhood code as the subject. The

¹ The board of review disclosed the subject has a partial basement with finished area which was unrefuted by the appellant.

comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,948 to 2,466 square feet of living area. The homes range in age from 62 to 71 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$37,400 to \$53,146 or from \$18.28 to \$21.55 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$42,714.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$75,822. The subject property has an improvement assessment of \$56,026 or \$24.54 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 2,119 to 2,448 square feet of living area. The homes range in age from 62 to 69 years old. Each comparable has a partial basement with finished area, central air conditioning, one or two fireplaces, and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$56,196 to \$73,680 or from \$24.79 to \$32.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 through #4 which are less similar to the subject in dwelling size than other comparables in this record and/or lack basement finish, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #5 and the board of review comparables which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. These comparables have improvement assessments ranging from \$53,146 to \$73,680 or from \$21.55 to \$32.34 per square foot of living area. The subject's improvement assessment of \$56,026 or \$24.54 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
