

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James Wigoda  
DOCKET NO.: 24-22846.001-R-1  
PARCEL NO.: 04-12-210-020-0000

The parties of record before the Property Tax Appeal Board are James Wigoda, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$19,220  
**IMPR.:** \$52,966  
**TOTAL:** \$72,186

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 2,017 square feet of living area. The home is approximately 69 years old. Features include a partial basement with finished area,<sup>1</sup> central air conditioning, a fireplace and a 2-car garage. The property has an 11,306 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables consist

of class 2-34 multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,968 to 2,737 square feet of living area. The homes are 62 to 69 years old. The homes have partial basements with “N/A” reported for the finished basement area. Three comparables each have central air conditioning, and each comparable has 1 or 2 fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$39,982 to \$68,024 or from \$18.57 to \$24.85 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$46,431 or \$23.02 per square foot of living area.

The board of review submitted its “Board of Review Notes on Appeal” disclosing the total assessment for the subject property of \$72,186. The subject property has an improvement assessment of \$52,966 or \$26.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject and within approximately ¼ of a mile from the subject property. The comparables consist of class 2-34 multi-level dwellings of frame and masonry exterior construction ranging in size from 1,690 to 2,279 square feet of living area. The homes are 64 to 69 years old. Each comparable has a partial basement with finished area, central air conditioning and a 2-car garage. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$48,520 to \$63,037 or from \$27.09 to \$31.49 per square foot of living area. Based on this evidence, the board of review requested that the subject’s assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparable #1 which appears to be an outlier with its considerably lower improvement assessment relative to the other comparables in the record. The Board gives less weight to the appellant’s comparable #2 and #4 as well as the board of review comparables #2 and #4 which are less similar to the subject in dwelling size or lack central air conditioning amenity, which is a feature of the subject dwelling.

The Board finds the best evidence of assessment equity to be the parties’ remaining comparables. These comparables are more similar to the subject in location, design, dwelling size, age and most features. These three comparables have improvement assessments ranging from \$48,817 to \$58,376 or from \$24.61 to \$31.49 per square foot of living area. The subject’s improvement assessment of \$52,966 or \$26.26 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for

differences in features from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
