

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bradley Minkow
DOCKET NO.: 24-22850.001-R-1
PARCEL NO.: 05-27-112-014-0000

The parties of record before the Property Tax Appeal Board are Bradley Minkow, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,000
IMPR.: \$115,454
TOTAL: \$151,454

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 5,657 square feet of living area. The home is approximately 100 years old. Features include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 12,000 square foot site and is located in Kenilworth, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 2-story, class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,135 to 6,662 square feet of living area. The homes range in

age from 81 to 101 years old. Each comparable has a full basement, from one to six fireplaces, and from a 2-car to a 3-car garage. Four comparables each have central air conditioning. The comparables have improvement assessments ranging from \$46,122 to \$114,753 or from \$8.13 to \$18.67 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$151,454. The subject property has an improvement assessment of \$115,454 or \$20.41 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same assessment neighborhood as the subject. The comparables are improved with 2-story, class 2-09 dwellings of masonry exterior construction ranging in size from 5,169 to 5,636 square feet of living area. The homes range in age from 96 to 101 years old. Each comparable has a full basement, from one to three fireplaces, and 2-car or a 3-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$115,284 to \$208,748 or from \$22.30 to \$40.33 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables for the Board's consideration. The Board gives less weight to appellant comparable #1 and board of review comparable #4 which have improvement assessments substantially lower and higher, respectively, than the other comparables in this record. The Board also gives less weight to appellant's comparables #2 and #3 which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in design/class, age, and dwelling size with varying degrees of similarity in other features. These comparables have improvement assessments ranging from \$95,847 to \$183,236 or from \$17.89 to \$32.51 per square foot of living area. The subject's improvement assessment of \$115,454 or \$20.41 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence in this record.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
