

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stuart Applebaum
DOCKET NO.: 24-22856.001-R-1
PARCEL NO.: 04-12-209-006-0000

The parties of record before the Property Tax Appeal Board are Stuart Applebaum, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,384
IMPR.: \$59,560
TOTAL: \$86,944

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 2,210 square feet of living area. The home is approximately 69 years old. Features include a partial basement with finished area,¹ central air conditioning, a fireplace, and a 2-car garage. The property has a 16,108 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the same assessment neighborhood code as the subject. The comparables consist

of class 2-34 multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 2,046 to 2,574 square feet of living area. The homes are 56 to 69 years old. The homes have full or partial basements with "N/A" provided for the basement finish area in the grid analysis. Each comparable has central air conditioning, 1 or 2 fireplaces, and a 2-car garage. The comparables have improvement assessments ranging from \$37,400 to \$44,499 or from \$16.66 to \$18.57 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$39,117.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$86,944. The subject property has an improvement assessment of \$59,560 or \$26.95 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the same assessment neighborhood code as the subject and within approximately ¼ of a mile from the subject property. The comparables consist of class 2-34 multi-level dwellings of masonry or frame and masonry exterior construction ranging in size from 1,802 to 2,624 square feet of living area. The homes are 64 to 69 years old. The comparables have full or partial basements with finished area, central air conditioning and a 2-car garage. Three comparables each have 1 or 2 fireplaces. The comparables have improvement assessments ranging from \$48,817 to \$79,859 or from \$27.09 to \$32.34 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and the board of review comparables #1 and #3 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are relatively similar to the subject in location, design, dwelling size, age and some features. These comparables have improvement assessments ranging from \$37,400 to \$73,680 or from \$16.66 to \$32.34 per square foot of living area. The subject's improvement assessment of \$59,560 or \$26.95 per square foot of living area falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences in features from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
