

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Segal
DOCKET NO.: 24-23202.001-R-1
PARCEL NO.: 05-17-307-034-0000

The parties of record before the Property Tax Appeal Board are Robert Segal, the appellant, by attorney Kyle Gordon Kamego of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,874
IMPR.: \$168,126
TOTAL: \$240,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 5,358 square feet of living area. The dwelling was constructed in 2003 and is approximately 21 years old. Features of the property include a partial basement with finished area,¹ central air conditioning, a fireplace and a 2-car garage. The property has a 21,780 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located

¹ The board of review disclosed the subject's basement is finished with a formal recreation room, which was not reported by nor was it refuted by the appellant.

from .4 of a mile to 2.5 miles from the subject property. The comparables are class 2-09 properties improved with two-story dwellings of frame, stucco or frame and masonry exterior construction ranging in size from 5,034 to 5,851 square feet of living area. The dwellings range in age from 3 to 16 years old. Each comparable has a full basement, central air conditioning, from one to three fireplaces and either a 2-car, a 2.5-car or 3-car garage. The comparables have improvement assessments that range from \$119,321 to \$173,617 or from \$23.70 to \$29.67 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$147,077 or \$27.45 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$240,000. The subject property has an improvement assessment of \$168,126 or \$31.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject or approximately $\frac{1}{4}$ of a mile from the subject property. The comparables are class 2-09 properties improved with two-story dwellings of masonry, stucco or frame and masonry exterior construction ranging in size from 5,627 to 9,446 square feet of living area. The dwellings range in age from 14 to 117 years old. The comparables each have a full basement, three with finished area. Each comparable has from two to five fireplaces. Three comparables have central air conditioning and three comparables each have a 3-car garage. The comparables have improvement assessments that range from \$187,470 to \$363,671 or from \$33.32 to \$40.85 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #2, #3 and #4 which are located more than 2 miles from the subject. The Board has given reduced weight to board of review comparables #1, #2 and #3 due to their substantially larger dwelling sizes and/or significantly older dwelling age, when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #1 and board of review comparable #4, which are located in close proximity to the subject and are relatively similar to the subject in dwelling size, design, age and some features. These two comparables have improvement assessments of \$173,617 and \$187,470 or \$29.67 and \$33.32 per square foot of living area, respectively. The subject's improvement assessment of \$168,126 or

\$31.38 per square foot of living area falls below the two best comparables in the record in terms of overall improvement assessment but is bracketed by the comparables on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
