

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bob Doody  
DOCKET NO.: 24-23506.001-R-1  
PARCEL NO.: 28-30-314-029-0000

The parties of record before the Property Tax Appeal Board are Bob Doody, the appellant, by attorney Brian S. Maher of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,851  
**IMPR.:** \$20,602  
**TOTAL:** \$25,453

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,392 square feet of living area. The dwelling is approximately 38 years old. The property features a partial basement with finished area,<sup>1</sup> central air conditioning, a fireplace and a two-car garage. The property has an 8,820 square foot site and is located in Tinley Park, Bremen Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same assessment neighborhood code as the subject. Comparable #2 is

located within the same block as the subject and comparables #1 and #3 are located either 1 mile or 1.5 miles from the subject property. The comparables are class 2-34 properties improved with multi-level dwellings of frame and masonry exterior construction ranging in size from 1,258 to 1,980 square feet of living area. The dwellings range in age from 34 to 50 years old. Each comparable has a partial basement, central air conditioning and a fireplace. Two comparables each have a two-car garage. The comparables have improvement assessments that range from \$16,314 to \$17,504 or from \$8.33 to \$13.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$15,618 or \$11.22 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,453. The subject property has an improvement assessment of \$20,602 or \$14.80 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code as the subject and are located within the same block as the subject or approximately ¼ of a mile from the subject property, one of which is also along the same street as the subject. The comparables are class 2-34 properties improved with multi-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,167 to 1,410 square feet of living area. The dwellings range in age from 37 to 40 years old. The comparables each have a partial basement with finished area, a fireplace and a two-car garage. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$18,634 to \$25,356 or from \$14.80 to \$19.92 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #3 due to differences from the subject dwelling in size or age. Additionally, these two comparables are located one mile or more from the subject and the appellant's comparable #3 has no garage, a feature of the subject. The Board has given reduced weight to board of review comparable #2 due to its lack of central air conditioning, a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2, along with board of review comparables #1, #3 and #4, which are located more proximate to the subject and are similar to the subject in dwelling size, design, age and some features. These four

comparables have improvement assessments ranging from \$16,314 to \$25,356 or from \$11.72 to \$18.11 per square foot of living area. The subject's improvement assessment of \$20,602 or \$14.80 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
