

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alison Brown
DOCKET NO.: 24-23766.001-R-1
PARCEL NO.: 05-08-400-049-0000

The parties of record before the Property Tax Appeal Board are Alison Brown, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,228
IMPR.: \$67,823
TOTAL: \$129,051

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,451 square feet of living area. The dwelling is approximately 45 years old. Features of the home include a basement, central air conditioning, one fireplace and a 2.5-car garage. The property has an approximately 21,867 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables all located in a different assessment neighborhood code than the subject and from 0.80 of a mile to 2.0 miles from the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size

from 2,281 to 3,035 square feet of living area. The homes range from 26 to 56 years old. Each comparable has a basement, central air conditioning and a 2-car garage. Three dwellings each have one fireplace. The comparables have improvement assessments ranging from \$32,039 to \$57,088 or from \$14.05 to \$18.81 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$59,254 or \$17.17 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,051. The subject property has an improvement assessment of \$67,823 or \$19.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with 2-story class 2-78 dwellings of masonry or frame and masonry exterior construction ranging in size from 3,285 to 3,759 square feet of living area. The homes are from 7 to 55 years old. Each comparable has a basement, central air conditioning, one or three fireplaces and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$84,773 to \$146,000 or from \$22.55 to \$44.44 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board finds the appellant's comparables differ from the subject in location and/or age while two of the board of review's three comparables are substantially newer in age when compared to the subject. Nevertheless, the comparables have improvement assessments ranging from \$32,039 to \$146,000 or from \$14.05 to \$44.44 per square foot of living area. The subject's improvement assessment of \$67,823 or \$19.65 per square foot of living area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
