

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew Sweeney  
DOCKET NO.: 24-23806.001-R-1  
PARCEL NO.: 05-17-414-021-0000

The parties of record before the Property Tax Appeal Board are Matthew Sweeney, the appellant(s), by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,763  
**IMPR.:** \$57,011  
**TOTAL:** \$88,774

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 105-year-old, two-story dwelling of frame construction with 2,648 square feet of living area. Features of the home include central air conditioning, a fireplace and a garage. The property has a 9,625 square foot site and is located in Winnetka, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance. The record discloses that the subject is owner-occupied during the lien year.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame construction, two story dwellings. They range in age from 71 to 112 years; in size from 2,325 to 2,663 square feet of living area; improvement assessment from \$16.49 to \$18.66 per square foot

of living area. These properties have partial basement or full basement areas and two-car garages. The suggested comparable properties are located within a 1.1-mile radius of the subject property. The appellant requested the subject's total assessment be reduced to \$77,256.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,774. The subject property has an improvement assessment of \$57,011 or \$21.53 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparable properties with varying degrees of similarities to the subject. These comparables are described as frame construction, two-story dwellings. They range in age from 103 to 111 years; in size from 2,544 to 2,912 square feet of living area; improvement assessment from \$24.41 to \$31.68 per square foot of living area. These properties have partial basement or full basement areas and 1.5 to 2.5-car garages. All of the board of review's suggested comparable properties have central air conditioning. The suggested comparable properties are located within the same subarea of the subject property and one of the comparables is located within a ¼-mile radius. The board of review requested that the assessment be confirmed.

### **Conclusion of Law**

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4<sup>th</sup> Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 and the board of review's comparable #2. As for the comparables that are not best evidence, the appellant's comparable #3 and the board of review's comparables #1 and #3 are in the same subarea as the subject property but not as close in proximity as the best evidence comparables in this record. The best comparables had improvement assessments that ranged from \$16.49 to \$31.52 per square foot of living area. The subject's improvement assessment of \$21.53 per square foot of living area falls within the range established by the best comparables in this record. After considering all the best comparable properties submitted by the parties with

emphasis on those properties that are proximate in location, similar in size of living area, and with similar features to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
