

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allyson Paflas
DOCKET NO.: 24-24274.001-R-1
PARCEL NO.: 05-27-308-003-0000

The parties of record before the Property Tax Appeal Board are Allyson Paflas, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,912
IMPR.: \$119,698
TOTAL: \$152,610

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of stucco exterior construction with 4,278 square feet of living area. The home is approximately 113 years old. Features include a full basement, central air conditioning, and one fireplace. The property has an 11,968 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood code and from 112 feet to 0.2 of a mile from the subject. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 3,672 to 4,183 square feet of living area. The homes range in age from 106 to 113 years old. Each comparable has a full basement, central air conditioning, one or two fireplaces, and a 2-car or a 2.5-car garage. The comparables have

improvement assessments ranging from \$104,583 to \$118,400 or from \$26.84 to \$29.49 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,124. The subject property has an improvement assessment of \$128,212 or \$29.97 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood code. The comparables are located ¼ of a mile from the subject. The comparables are improved with 2-story, class 2-06 dwellings of stucco exterior construction ranging in size from 3,283 to 4,210 square feet of living area. The homes range in age from 109 to 116 years old. Each comparable has a full basement, one or two fireplaces, and a 2-car or a 2.5-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$113,329 to \$140,530 or from \$33.38 to \$37.73 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested equity comparables for the Board's consideration with the same neighborhood code, design, and classification as the subject. Each of the parties' comparables features a garage amenity, unlike the subject. Nevertheless, the Board gives less weight to the appellant's comparable #1 as well as the board of review comparables #2, #3, and #4 which differ substantially from the subject in dwelling size. The Board also gives less weight to board of review comparable #1 which lacks central air conditioning, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2, #3, and #4 which are similar to the subject in age and dwelling size with varying degrees of similarity in other features. The best comparables have improvement assessments ranging from \$104,583 to \$118,400 or from \$26.84 to \$28.31 per square foot of living area. The subject's improvement assessment of \$128,212 or \$29.97 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment, commensurate with the subject's request, is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
