

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Finger
DOCKET NO.: 24-24575.001-R-1
PARCEL NO.: 05-34-201-016-0000

The parties of record before the Property Tax Appeal Board are Adam Finger, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,038
IMPR.: \$90,637
TOTAL: \$155,675

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story, single-family dwelling of frame construction with 3,524 square feet of living area. The dwelling is 130 years old. Features include a full unfinished basement, a 1.5-car garage, central air conditioning, two fireplaces, four full bathrooms, and a half bath. The property has a 23,650 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information about four suggested equity comparables. Based on this evidence, the appellant seeks to have the subject's assessed value reduced to \$147,288.

The board of review submitted its "Board of Review Notes on Appeal" which disclosed the total assessment for the subject as \$155,675. The subject property has an improvement assessment of \$90,637 or \$25.72 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information about two suggested equity comparables.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the best evidence of assessment equity is the appellant's suggested comparables two, three, and four, and the board of review's suggested comparables one and two. Like the subject property, each of these comparables has a two-story, single-family dwelling of frame or frame and masonry construction with a full unfinished basement, central air conditioning, a garage, and at least one fireplace. The dwellings on these comparables are similar to the subject dwelling in age and living area. These comparables are all within three-tenths of a mile of the subject.

These comparables have improvement assessments that range from \$21.87 to \$26.35 per square foot of living area. The subject's improvement assessment of \$25.72 per square foot of living area is within the range established by the best comparables in this record, and below the improvement assessments per square foot of living area of two of them. The Board therefore finds that the appellant did not demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
