

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John and Sally Martin
DOCKET NO.: 24-24674.001-R-1
PARCEL NO.: 05-06-303-020-0000

The parties of record before the Property Tax Appeal Board are John and Sally Martin, the appellants, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,416
IMPR.: \$119,469
TOTAL: \$146,885

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 4,083 square feet of living area. The dwelling is approximately 20 years old. Features of the home include a basement, central air conditioning, one fireplace and a 2-car garage. The property has an approximately 12,462 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located in the same assessment neighborhood code and either 0.10 of a mile or 2.1 miles from the subject property. The comparables are improved with class 2-08 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 4,001 to 4,432

square feet of living area. The homes range from 27 to 50 years old. Each comparable has a basement, central air conditioning, one or two fireplaces and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$100,252 to \$124,825 or from \$23.87 to \$28.16 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced to \$105,341 or \$25.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$146,885. The subject property has an improvement assessment of \$119,469 or \$29.26 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code, same assessment block or ¼ of a mile from the subject property. The comparables are improved with 2-story class 2-08 dwellings of masonry exterior construction ranging in size from 3,976 to 4,318 square feet of living area. The homes are 12 or 15 years old. Each comparable has a basement, central air conditioning, one or four fireplaces and a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$137,023 to \$149,273 or from \$34.06 to \$35.03 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives reduced weight to the appellants' comparables #1, #3 and #4 which are located more than two miles from the subject and/or are either 16 or 30 years older in age than the subject property.

The Board finds the best evidence of assessment equity to be appellants' comparable #2 and the board of review's comparables which are more similar to the subject in location, age, design, dwelling size and features. These comparables have improvement assessments ranging from \$105,485 to \$149,273 or from \$26.36 to \$35.03 per square foot of living area. The subject's improvement assessment of \$119,469 or \$29.26 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
