FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jorge Angulo
DOCKET NO.: 24-24999.001-R-1
PARCEL NO.: 16-24-312-021-0000

The parties of record before the Property Tax Appeal Board are Jorge Angulo, the appellant, by attorney Michael R. Davies, of Ryan Law, PLLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$4,531
IMPR.:	$22,818
TOTAL:	$27,349

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 1,668 square feet of building area. The building is approximately 126 years old. Features of the building include a concrete slab foundation, central air conditioning and a 2-car garage. The property has an approximately 3,125 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located in the same assessment neighborhood code and from 0.76 of a mile to 1.80 miles from the subject property. The comparables are improved with 2-story class 2-11 buildings of masonry exterior construction ranging in size from 1,675 to 1,968 square feet of

building area. The buildings are 116 or 146 years old. Three comparables have a full basement and two comparables have either a crawl space or concrete slab foundation. Four buildings have either a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $13,102 to $14,850 or from $7.13 to $8.28 per square foot of building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $12,977 or $7.78 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $27,349. The subject property has an improvement assessment of $22,818 or $13.68 per square foot of building area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables located in the same assessment neighborhood code and within ¼ of a mile from the subject property. The comparables are improved with 1.5-story or 2-story class 2-11 buildings of masonry or frame and masonry exterior construction ranging in size from 1,188 to 1,386 square feet of building area. The buildings are from 118 to 137 years old. Two comparables have a basement, one comparable has a concrete slab foundation and two comparables each have a 2-car garage. The comparables have improvement assessments ranging from $17,288 to $21,469 or from $14.55 to $15.53 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board finds the appellant's comparables differ from the subject in location and/or foundation type while the board of review's comparables differ from the subject in building size and/or foundation type. The comparables have improvement assessments ranging from $13,102 to $21,469 or from $7.13 to $15.53 per square foot of building area. The subject's improvement assessment of $22,818 or $13.68 per square foot of building area falls within the range established by the comparables in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
