

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: WILLIAM JOHN KELLER
DOCKET NO.: 24-25163.001-R-1
PARCEL NO.: 28-25-412-008-0000

The parties of record before the Property Tax Appeal Board are WILLIAM JOHN KELLER, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,345
IMPR.: \$9,864
TOTAL: \$12,209

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame and masonry construction with 1,019 square feet of living area. The dwelling was 68 years old. Features of the home include a full basement and a one-car garage. The property has a 7,215 square foot site and is located in Hazel Crest, Bremen Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on five class 2-03 equity comparable properties with varying degrees of similarities to the subject which are located within a 0.4-mile radius of the subject. The improvements were from 66 to 69 years old, had from 1,019 to 1,127 square feet of living area, and had improvement assessments from \$9.22 to \$10.10 per square foot of

living area. Appellant disclosed that this is not an owner-occupied residence. Based on this evidence the appellant is seeking a reduction in the subject' assessment.

The board of review submitted its "Board of Review Notes on Appeal" for a property with an address in Country Club Hills, IL and a PIN of 28-34-102-018-0000. The PIN for the instant appeal is 28-25-412-008-0000. The property submitted by the board of review had a total assessment of \$13,126 and an improvement assessment of \$5,533. The subject property of this appeal has an assessment of \$13,330 and an improvement assessment of \$10,985 or \$10.78 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparable properties with unknown proximity to the subject. These properties were 68 years old, had 1,113 or 1,207 square feet of living area, and had improvement assessments from \$5.80 to 5.98 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The board of review submitted a property that is not the subject of the instant appeal and suggested comparables to that incorrect property. The Board gives no weight to the evidence submitted by the board of review. The Board finds the best evidence of assessment equity to be appellant's comparables #1, #2, #3, #4, and #5. Appellant's comparables were similar to the subject in proximity, age, size, number of bathrooms, foundation type, and no central air conditioning. These comparable properties were similar to the subject and had improvement assessments that ranged from \$9.22 to \$10.10 per square foot of living area. The subject's improvement assessment of \$10.78 per square foot of living area falls above the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
