

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Gazos  
DOCKET NO.: 24-25252.001-R-1  
PARCEL NO.: 04-01-401-021-0000

The parties of record before the Property Tax Appeal Board are Nicholas Gazos, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$21,514  
**IMPR.:** \$111,949  
**TOTAL:** \$133,463

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction and stucco exterior with 3,481 square feet of living area. The dwelling was 13 years old. Features of the home include a full basement, central air conditioning, and a fireplace. The property has an 11,952 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three class 2-78 equity comparable properties with varying degrees of similarities to the subject which are located within the same neighborhood code as the subject but for which the appellant did not provide proximity to the subject. The improvements were 15 or 24 years old, had from 3,612 to 3,800 square feet of living area, and had improvement assessments from \$20.68 to \$29.70 per square foot of living

area. Appellant disclosed that this is an owner-occupied residence. The appellant submitted real estate website listings for comparable properties, Board of Review Analysis/Evidence Sheet, and Cook County Assessor property tax information sheets for comparables. Based on this evidence the appellant is seeking a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$133,464. The record included the Cook County Board of Review 2024 Assessed Valuations decision which indicates that the total assessment for the subject property is \$133,463 and the Board relies on that decision. The subject property has an improvement assessment of \$111,949 or \$32.16 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four class 2-78 equity comparable properties with varying degrees of similarities to the subject, three of which are located within a ¼-mile radius of the subject while the board of review did not provide proximity to the subject for the other. The improvements ranged: in age from 12 to 18 years; in size from 3,180 to 3,703 square feet of living area; and in improvement assessment from \$32.84 to \$41.20 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparable properties for the Board's consideration in determining assessment equity. The Board finds the best evidence of assessment equity to be appellant's comparables #2 and #3 and board of review's comparables #2 and #3. Appellant's comparables #2 and #3 were similar to the subject in design, age, size, full basement, and central air conditioning. Board of review's comparables #2 and #3 were similar to the subject in proximity, design, age, size, full basement, and central air conditioning. These comparables had improvement assessments that ranged from \$29.39 to \$36.95 per square foot of living area. The subject's improvement assessment of \$32.16 per square foot of living area falls within the range established by the best comparable properties in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
